## SHOOT MONEY INTO A DOG.

Gun Wadded With Fifty Dollars in Bills Is Fired at Howler.

(BY DIRECT WIRE TO THE TIMES.) WILKESBARRE, (Pa.) Dec. 24.—[Exclusive Dispatch.] A large black hound at Swoyer-ville was wounded last night by \$50 in bills and some small shot being fired into his hide and despite the fact that he is worth \$50 more or less than he was yesterday, he cannot be found. The money belonged to John Vincent who, afraid to trust it in his pockets or his trunk in his boarding house, hid it in the barrel of his old shotgun. The dog made so much disturbance in the yard that another of the boarders resolved to shoot it. He slipped a shell in Vincent's old shotgun and fired at the dog.

A variegated assortment of hosiery in expectation of his second visit with the Democratic plum. There is much greater rivalry among those who have written to Santa to bring them the Democratic convention than was the case with those who wanted the Republican event and when the Democratic National Convention meets here to play a vicarious part for the white-bearded old saint, there is likely to be a real struggle in deciding the problem.

Chicago, whose capacious stocking again is suspended, will have for rivals St. Louis, Baltimore, Denver and New York and maybe some others.

GOTHAM'S ENTRY. New York's entry into the contest has added the most interesting element to the competition. New York may cut an important figure. There is an intimation, however, that the New York movement along

## MILLIONS FOR GIFTS.

Christmas Joy All Over the Land.

President Taft Spends Day as Head of a Family Rather Than of a Nation.

Outburst of Good Nature Everywhere to Relieve the Distressed.

Hundred Thousand Persons Sing Holiday Hymn on Frisco Streets.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Dec. 24.—[Exclusive Dispatch.] Chicago, which spent approximately fifty million dollars in Christmas gifts, to say nothing of additional millions expended in charity in the way of dinner, clothing, rent and fuel for the poor, settled back today and picked its teeth with a complacent air.

Unusual attention was given this season to hunting out and providing for the needy. Clubs were organized and today, in automobiles, loaded high with all sorts of creature comforts the congested and desolated places were visited and good cheer dispensed. Probation officers, county agents, policemen, mail carriers and the scouts of Salvation Army and American Volunteers were required to report any cases of destitution and these were listed by the charitable clubs, who, meanwhile, were raising an immense fund for Christmas donations.

All the churches and social centers were especially active today in this work, many of them giving big dinners, followed by personal visits to the poor and needy. Dispatches tonight from New York, Philadelphia, Cincinnati, St. Louis and other cities tell of unusual efforts to relieve all distress, not by organized charity, but the spontaneous outburst of good feeling and a desire on the part of prosperous and fortunate ones to see that everyone has a warm and comfortable Christmas Eve at the White House, at least one day in the year. Mild weather was reported all over the Middle West and East, permitting general celebrations. Because of the fact that Christmas falls on Monday, today was generally observed as Christmas all over the country. The three days' holiday permitted more Christmas travel than usual and all roads report heavy traffic.

PRESIDENT TAFT ENJOYS A HOLIDAY.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Dec. 24.—[Exclusive Dispatch.] President Taft spent Christmas Eve at the White House, not as a President, but as the head of a family looking forth to the happiness of a good old-fashioned family Christmas. Wreaths of holly and mistletoe were hung about the President's study, and the prospect of state documents and the prospective visit of Santa Claus tomorrow will be the only big event of the day.

The Taft family circle is together tonight, which is a rare thing for a Christmas gift of itself. Besides the President and Mrs. Taft, there is Miss Helen Taft, Roberta Taft and Charles P. Taft.

The President went to All Souls' Church Sunday-school this morning, where he addressed the children seated on a platform in a circle with their teachers.

This afternoon the President and Mrs. Taft paid social calls.

HUNDRED THOUSAND JOIN IN THE HYMN.

(BY A. P. NIGHT WIRE TO THE TIMES.) SAN FRANCISCO, Dec. 24.—[Exclusive Dispatch.] "Oh, come all ye faithful, joyful and triumphant."

One hundred thousand people, singing with solemn exultation, joined tonight in the Christian hymn of faith and adoration, and standing bareheaded under stars that smiled down as kindly as they did over Bethlehem, fifteen centuries ago, thus sang from the city's heart where Market, Kearney, Geary and Third streets meet, sang from the windows and the dimly visible tops of tall buildings that cluster about the square of open ground and while they sang the traffic of the city paused until the great chorus ended in a solemn "Amen."

The singing of "Adeste Fideles" came at the close of the city's open air celebration of Christmas eve. It followed a full programme of music rendered by a trained chorus and the members of the French Opera Company which is holding its winter season in San Francisco. Jan Kubelik, the great violinist, played to the audience crowding the radiating streets with a solid mass of humanity; David Bispham, the famous baritone, sang to them; the chorus voiced its glad Christmas carols and then the great voice of the multitude lifted the rolling melody of the hymn before the thousands separated, each to make Christmas cheer in his own particular niche in the world.

Singers and chorus occupied a low

## ALIBI LATE IN COMING.

Innocent Man Released After Serving Sixteen Years in Sing Sing.

(A. P. NIGHT WIRE TO THE TIMES.) NEW YORK, Dec. 24.—A Christmas present to John Bookman of Brooklyn yesterday was the dismissal of charges which will lead to his release from Sing Sing prison after sixteen years' service on conviction for a murder of which the Supreme Court now finds him to be innocent. The necessary testimony was supplied by two men who kept silent at a time when he needed them to prove an alibi, because, they said, they were afraid of being hounded by the police. The proprietor and bartender of a music hall have made affidavit that Bookman was in their place at the time the crime was committed.

CITES MISTAKES OF WASHINGTON.

BOSTON MAN TELLS WHERE HE FAILED.

Work Prepared by Present Head of Distinguished Family Unsettled History by His Treatment of Revolutionary Incidents—Colonies Victorious Because of Blunders.

(BY DIRECT WIRE TO THE TIMES.) BOSTON, Dec. 24.—[Exclusive Dispatch.] Charles Francis Adams, lawyer, general in the Civil War, and present head of the great Adams company, has just published a startling historical study, in which he sets forth what he terms errors of judgment made by George Washington during the Revolutionary War and exceeded only by the mistakes of Sir William Howe, the British leader.

This remarkable conclusion drawn by Mr. Adams is in striking contrast to the position accorded the "Father of His Country" by historians in general. In his book, just out, entitled "Errors of Washington and His Staff," Mr. Adams deals severely with century-old accounts in which stories of battles of the Revolution reflect naught but credit on Washington.

At the outset of the Revolution, Howe is credited with neglecting an opportunity of crushing the American forces at Bunker Hill, when he failed to take advantage of the military inferiority of the British and their lack of organization. All that was necessary, Mr. Adams points out, was to spring a trap in which the forces on Breed's Hill had been lured, and the British would have been victorious.

Later, in the second year of the war, after Washington had assumed command, Howe is blamed for not embracing an almost identical opportunity of trapping the patriot leader and his forces on Long Island or on Manhattan. Mr. Adams charges that by Adams for getting into this trap, as he is also held responsible for neglecting an opportunity to end the war by a decisive battle at the Clouds, the conflict instead of placing himself at Brandywine and Germantown in the power of the English.

GERMAN JEWS EXPECTED.

Russia Relaxes in Treatment of Them, and They May Now Reside in City of Kiev.

(BY A. P. NIGHT WIRE TO THE TIMES.) BERLIN, Dec. 24.—The Minister of Commerce has informed the senior merchants' guild that Russia is relaxing her vigorous treatment of German Jews. It is said that this is the result of the guild's protest against the treatment accorded Jewish commercial travelers in Russia.

The Governor of Kiev has issued a decree that German Jews traveling on business will be allowed to reside in any quarter of the city. Until recently Russia has answered Germany that she could not accord any more favorable treatment to German Jews than to Russian Jews.

Encouraged by this concession and President Taft's action, the guild expects to forward a petition to the German, French and British governments asking that they make united protests at St. Petersburg and request the same treatment for Jewish travelers as is accorded Christians.

ECKHOFF TO TESTIFY.

Detective Burns Says Cincinnati Man Will be Witness Before Indianapolis Grand Jury.

(BY A. P. NIGHT WIRE TO THE TIMES.) INDIANAPOLIS (Ind.) Dec. 24.—Frank Eckhoff of Cincinnati, said to have information of the dynamiting operations of the McNamara brothers and others alleged to have been associated with them, will be brought here on January 3 to testify before the Federal grand jury, according to the statement of William J. Burns, who arrived here today.

Burns would not reveal the whereabouts of Eckhoff, but said one of his operatives was with him.

## Divorces a Theatrical Magnate.

Granted.

## NAMING A CHORUS GIRL MRS. ERLANGER IS DIVORCED

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Dec. 24.—[Exclusive Dispatch.] Though great efforts have been made to keep the fact secret, it has been learned today that the young woman named by Mrs. A. L. Erlanger in her divorce suit against her husband, George Washington Erlanger, was Ellye Snowden, a chorus girl.

An interlocutory decree was granted by Justice Tompkins Saturday in the Supreme Court at New York, but the divorce was not made public.

Neither Max D. Steiner, who appeared for the plaintiff, nor William T. Jerome, counsel for Mr. Erlanger, would talk about the case today.

Mrs. Erlanger also was silent.

Miss Snowden first came into front row prominence when the Weber and Fields music hall was at the height of its popularity. Afterwards she appeared in musical plays under the direction of Klaw and Erlanger and the Shuberts.

For more than a year Miss Snowden has not graced the chorus. Six months ago, it is said, she left a handsomely furnished apartment in this city and took quarters elsewhere. About this time, the story runs, she told her friends that she had "inherited \$10,000."

It has been several weeks since she was seen on Broadway.

Before her marriage Mrs. Erlanger was on the stage as Louise Balle. She was the wife of George H. Leonard and prior to her divorce from him appeared in "Dagmar." She was married to Mr. Erlanger in Ottawa, Can.

## IMPERIAL ARMY PREPARES TO RESUME HOSTILITIES.

(BY A. P. NIGHT WIRE TO THE TIMES.)

PEKING, Dec. 24.—Word comes from Pao Ting Fu, one of the important military centers, that the hospitals there are making preparations to care for many wounded, expected to be brought there soon.

This, along with other signs, is taken to indicate that the imperial government intends to renew hostilities. It is believed that Premier Yuan Shi Kai sees the hopelessness of the peace conference now going on at Shanghai, and evidently desires to repeat the moral effect of the capture of Hsin Yang by retaking Wu Chang, which, under present conditions, should fall easily to the imperialists.

An official issued in the dignified terms that have characterized such documents since Yuan Shi Kai assumed the premiership confers posthumous honors on the imperialist commander, who committed suicide when the city of Suu Chow was captured by the rebels. This is one of many such honors recently bestowed by Premier Yuan, which the former regent did not dare to bestow, and it means that Yuan Shi Kai has not been intimidated.

Thirty-four quiescent rebel prisoners have reached Pao Ting Fu. This has aroused comment, because prisoners are seldom taken in China. The Chinese have difficulty in understanding the western idea of capturing and caring for prisoners.

A reliable report has been received from Chung King that Yuan Fang's head is being taken to Hu Feh for ransom. Yuan Fang formerly was director-general of the Hu Kwang Railroad. He had been recently appointed Vice-Chief of the Sze Chuen Province, and according to information that reached the missionaries at Chung King, was killed by his own soldiers at Tse Chow. Yuan Fang discovered that his troops were disloyal, and after attempting to bribe the officers, he was killed by his own soldiers.

Reinforcements Being Sent Into Stricken Empire of the Shah.

Women and Children Said to Have Been Butchered by Muscovites.

Fiercest Cossacks Detailed to Avenge Alleged Insult to the Russians.

(BY A. P. NIGHT WIRE TO THE TIMES.)

ST. PETERSBURG, Dec. 24.—As the result of a long conference today between Premier Kuchavoff and Foreign Minister Sazonoff heavy reinforcements have been ordered from the Caucasus to Tabriz. The director of the Persian department of Russian Foreign Office said today: "Russia will take justice at Tabriz. Rebell and Enzeli into its own hands and will show no mercy to the Fidas and revolutionary draga who are shedding Russian blood. The lesson which we intend to give will be long remembered."

Recent dispatches from Tabriz reported serious fighting between the Persian constitutionalists and Russian troops. There has been fighting between the Russian and Persians at Enzeli, on the Caspian Sea, and at Rebat, sixteen miles north of Enzeli. At Tabriz the Governor's palace is said to have been bombarded and there were casualties on both sides. The cause of the clash is not known, but reports from St. Petersburg said a number of Russian soldiers had been killed. At Rebat and Enzeli the fighting was between Russian soldiers and the police.

APPELLING PICTURE OF PERSIAN SITUATION.

(BY A. P. NIGHT WIRE TO THE TIMES.) TEHERAN, Dec. 24.—A telegram from the Vice-Governor of Tabriz gives an appalling picture of the situation in that city as a result of Russian aggression. He says: "I swear before God that innocent women and children are being butchered in cold blood."

The Vice-Governor estimates the number of persons killed in Tabriz as 500 and adds: "The Russians ignore our overture for the cessation of hostilities."

Telegraphic communication between Teheran and Tabriz is now interrupted. The British and Russian legations are endeavoring to secure communication with their consuls.

The regent today, acting in agreement with the Cabinet, declared the national council dissolved. The War Minister sent troops to prevent deputies from entering the parliament building. The Persian government has unconditionally accepted the Russian ultimatum. Russia, having previously agreed to a slight modification of one of the demands, the Russian Minister has signified his acceptance of the Persian reply.

TO AVENGE ATTACK ON THE RUSSIANS.

(BY A. P. NIGHT WIRE TO THE TIMES.) ISPAHAN (Persia) Dec. 24.—A strong detachment of Russians, comprising a regiment of rifle Cossacks and a mountain battery, left here last evening for Tabriz to avenge an attack on Russians by Persian tribesmen at that place a few days ago.

The column has already traversed the Daradja gorge without encountering Persian opposition. It has been expected that the Persians would stoutly defend the mountain passages.

WIRES ARE CUT; ALL EUROPE ALARMED.

(BY DIRECT WIRE TO THE TIMES.) LONDON, Dec. 24.—[Exclusive Dispatch.] The Times London Bureau is advised today that cable interruption over the Indo-European system, was cut off Saturday night.

The last dispatch received here was the special and exclusive message to the Times from W. Morgan Shuster, until yesterday the American Treasurer-General of Persia, which was dated Teheran, Saturday, December 23, 7 p.m.

The wires were cut between Teheran and Tyros (ancient Tyre, on the coast of Syria), and although the company has no exact information, its officials are satisfied the interruption of communication is connected with the international political situation in Persia.

The Great Northern Telegraph Company, whose lines to Teheran run by way of St. Petersburg, informs The Times bureau here that it cannot guarantee the delivery of dispatches beyond Tiflis, Trans-Caucasia. The Eastern Telegraph Company, whose communication with Russia is by way of Suez, the Red Sea, and

**SAYS MADERO  
MAKES GOOD.**

Prominent Man Lauds His Administration.

Says He Has Rebellion Well in Hand.

Diaz Urges Friends to Aid Government.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Dec. 24.—[Exclusive Dispatch.] The Mexican government is being praised by a prominent man here, who has been the guest of several days of Capt. A. W. Lewis of Sacramento, and in an interview he states that Francisco I. Madero is making good as president of Mexico under its new government.

Vall says that Madero has the situation well in hand and that the stirring reports of insurrection in various parts of the country are greatly exaggerated. The followers of Gen. Bernardo Reyes, he says, are coming to realize that his desire is personal profit and glory, and they are deserting his cause. Vall says Reyes was in a conspiracy to kill Madero before the latter was inaugurated president.

Federal troops, he says, are loyal to Madero, and a letter from ex-president Diaz to his friends in Mexico recently advised them to support Madero and help him make good. The recent rebellion, he states, originated when Indians en route to conference with the government over their affairs were murdered and their tribe besieged Oaxaca, Madero declining to send relief. That rebellion is dead.

Mexican Outlaws Cause Unsettled Condition by Their Outrages in Several States.

(BY DIRECT WIRE TO THE TIMES.)

EL PASO (Tex.) Dec. 24.—[Exclusive Dispatch.] Admitting that the situation is dangerous, Gov. Carranza of Coahuila is in the city to arrange for an agreement between the States of Coahuila and Morelos to facilitate the suppression of brigandage along the border. In an interview he declared conditions in his State unsettled. He said that there were some 300 Zapatistas in the foothills of Ixtacchuatlan, of which about eighty are armed with rifles. They sail forth from time to time to sack the ranches and to forage for provisions.

These men, he said, are familiar with the hills, which are rugged, and this has made it impossible for the State troops to capture them. The country is such as to make a campaign in regular form impossible, and the Zapatistas will have to be dealt with by meeting them when out on raids.

Brig. Gen. Arnoldo Cisneros Lopez and Rafael Equia Lis have made grave accusations against the municipal presidents and rancheros of Morelos, charging them with intentionally withholding information from the Federal army or of misleading the officers and of oppressing the people to the point where they are becoming Zapatistas.

MUST FIGHT OR RUN.

Gen. Reyes Said to Have Been Located by Scouts for Mexican Troops to Be on Vigilance.

(BY A. P. NIGHT WIRE TO THE TIMES.)

MONTEREY (Mex.) Dec. 24.—[Exclusive Dispatch.] Gen. Reyes, self-appointed leader of the constitutionalists, must either fight or run again. Scouts reported to army headquarters yesterday that the outlawed general was on the vigilance not far from Burgos, a town in the State of Tamaulipas, yesterday afternoon, Gen. Trevino sent orders to Col. Manuel Garcia Eguo to invade the ranch in search of Reyes.

Officially it is not admitted that Reyes has with him any men other than the five who were with him when he crossed the border, but private advisers variously estimate his following from a score to several hundred.

Trevino considers it improbable that Lugo and his force of 150 will encounter Reyes tomorrow.

DEMONSTRATION PRECLUDED.

Permission for Expression of Sentiment in Mexico City Against Americans is Denied.

(BY A. P. NIGHT WIRE TO THE TIMES.)

MEXICO CITY, Dec. 24.—Efforts of a certain group of Mexicans to bring about an anti-American demonstration have been met by a refusal on the part of Gov. Antonio Rivera of the Federal District to issue the necessary permit on the ground that for such a demonstration there is no reason that would justify it.

A call for the manifestation in question was published in Gil Blas. It invited all Mexicans to meet in front of the American Embassy to protest against the alleged ill treatment of Mexicans along the border, including the imprisonment of those charged with violation of the neutrality laws. Gil Blas editorially deprecated the manifestation as ill advised.

ZAPATISTAS LOOT TRAIN.

MEXICO CITY, Dec. 23.—Zapatistas held up and looted a freight train at Tres Marias, Morelos, sixty-five miles south of here, today. A passenger train following was not molested.

RURALS DISPERSE REBELS.

(BY A. P. NIGHT WIRE TO THE TIMES.)

MERIDA (Yucatan, Mex.) Dec. 23.—Twenty-two rurales routed 300 rebels yesterday near Dillan, who were believed to be awaiting a shipment of arms from New Orleans. Dillan is on the coast of Yucatan, 130 west of Progreso.

SCOUTS HOT ON TRAIL.

OF GENERAL REYES.

(BY A. P. NIGHT WIRE TO THE TIMES.)

MONTEREY (Mex.) Dec. 24.—Some- where about twenty-five miles east of Burgos, almost a hundred miles from

here, is a southeasterly direction toward the coast. Gen. Bernardo Reyes is being pursued by Capt. Felipe Prieto, in command of one of the many scouting parties that have been scouring the country in search of the wounded rebel leader.

Reyes escaped from the Vigo ranch near here yesterday afternoon, successfully eluding troops and scout parties. With eight men his trail extends along the Concho River in an easterly direction.

Capt. Prieto is pressing forward with all possible speed, in an endeavor to overtake Reyes before the coast is reached.

COMPLAIN OF DELAY IN MEETING CLAIMS.

(BY DIRECT WIRE TO THE TIMES.)

EL PASO (Tex.) Dec. 24.—[Exclusive Dispatch.] The claims for damages done during the revolution in Mexico are being allowed very slowly by the Mexican Claims Commission and the Mexican government is being criticized by its own citizens and foreigners who have had to submit to the claims commission, among whom are the Americans whose government, unlike the Chinese government, has taken no steps to see that its citizens get damages.

To date 10,000 claims have been examined and only 100 have been examined. There is no cash to pay these claims. It is declared, and the committee is arranging a plan by which the claims can be paid. The plan is to issue bonds payable in five years, these bonds to be issued to the people who have war claims against the government. They can hold them and draw the interest or sell them.

GERMANY LOOKS INTO MEXICAN CONDITIONS.

(BY DIRECT WIRE TO THE TIMES.)

EL PASO (Tex.) Dec. 24.—[Exclusive Dispatch.] The German government is concerned over conditions in Mexico and has asked for first hand information.

Admiral Von Hintze, the German Ambassador to Mexico, will arrive in El Paso Monday. He is on his way to Mexico City, and comes to El Paso from Sinaloa. He has been making an inspection trip along the western part of the republic of Mexico to ascertain the condition of the country and report to his government. He also has visited the German Consulate throughout the country.

WIFE AS SECRETARY.

Minister Mayor of a Washington Town Will Employ Her in His Front Office.

(BY DIRECT WIRE TO THE TIMES.)

EVERETT (Wash.) Dec. 24.—[Exclusive Dispatch.] A city officer, drawing a tidy salary and accompanied by all the duties, powers and perquisites of a municipal executive's position, was the Christmas present announced by the Rev. R. E. Hassell, mayor-elect of Everett, for Sarah E. Hassell, his wife. When the mayor takes office, the first of the year, Mrs. Hassell will be employed in his front office as his secretary, and it is said that the minister-mayor intends to turn over to her even more of the duties of the running of the city than is the usual lot of Mayor's secretaries.

Woman government is to have a trial. Hassell was elected largely on the votes of the newly enfranchised sex, and he has remembered them liberally in his announced appointments.

Dr. Ida McIntyre, wife of a former Mayor in Colorado, was the star campaigner for the Rev. Hassell, and will have a place on the Park Board. Dr. Margaret Tiegen, it was announced a week ago, will be the head of the Department of Health. H. O. Field will be a member of the Library Board.

INCINNATI (O.) Dec. 24.—[Exclusive Dispatch.] "The way to make 1912 a happy new year" is told in cards that the Rev. Robert Watson of the Presbyterian Church of the Covenant will send tomorrow to members of his congregation and to friends. There are eight rules in Dr. Watson's recipe for happiness. He has tried to practice the rules himself for many years, and he guarantees their efficiency. They are: Let no day pass without personal secret communion with God. Begin each day by taking counsel from the Word of God, if but for ten minutes, while you are dressing. Put away all bitter feelings and broodings over slights and wrongs, no matter from whom received.

NO PARDON FOR MORSE.

President Refuses to Act in Case of Convict Banker, but Will Observe Banker's Condition.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Dec. 24.—The President today declined to pardon Charles W. Morse. The explanation of his decision is contained in the following statement issued from the White House:

"The President today called into consultation the surgeon-general of the army, the surgeon-general of the navy and Maj. M. A. Delaney, Medical Corps, U.S.A., in the report of the Board of Physicians at Atlanta as to the physical condition of Charles W. Morse. After full consideration of the report, as explained to him by them, the President was not satisfied that immediate action was necessary, but directed that he be kept fully advised at frequent intervals of any change."

REVOLUTION IN POLICIES OF GREAT NORTHERN.

Men Conversant With Plans Say System Is to Be Divided in Two Sections in Order to Meet Demands on Officials During the Next Two Years.

(BY DIRECT WIRE TO THE TIMES.)

SPOKANE, Dec. 24.—[Exclusive Dispatch.] As the result of a meeting in St. Paul this week it is reported that a general shake-up is pending on the Great Northern. The method of operating the system is to be changed early next year, in an effort to secure greater efficiency according to advice received from officials well posted.

According to reports the following officials are to be named: Louis W. Hill, president; Carl R. Gray, vice-president of the lines west of Havre, Mont., and president of all the Hill lines in the Northwest; J. M. Gruber, vice-president of all lines east of Havre and general manager of the Great Northern; E. L. Brown, assistant general manager, with headquarters at Seattle with jurisdiction over all Hill lines west of Havre; G. H. Emerson, assistant general manager with headquarters in St. Paul with jurisdiction over all Hill lines east of Havre.

Men high in railroad circles conversant with the Great Northern plan to divide the Great Northern into two parts, east and west, in order to meet the heavy demands of the Northwest on the leading officials within the next two years. This is because of the recent alignment of the Northwest, northern Pacific, as well as several other smaller traffic arrangements.

FIND MURDER EVIDENCE.

Battered Body of Truck Gardener Found Near Lodi Points to a Mysterious Crime.

(BY A. P. NIGHT WIRE TO THE TIMES.)

LODI (Cal.) Dec. 24.—With the head battered and several knife wounds about the neck and shoulders, the body of G. Bietro, a truck gardener, residing near Lockford, was found in a pool of blood this morning on the Lodi-Lockford road, where it has apparently lain for several hours. All evidence points to murder, and it is evident that the motive was robbery.

The first intimation that anything was wrong was had by Bietro's family, when a team attached to a wagon which he had been driving was found abandoned near his home, where it had apparently wandered during the night.

A soft black felt hat found near the scene of the crime may furnish a clue to the identity of the murderer.

Bietro had driven to this city from his home of Lockford, Ill., where he had been employed during the day. It is known that he had a large sum of money when he started on the return trip. None was found on the body.

Officials believe Bietro was attacked unexpectedly from behind.

CAPITAL OF PARAGUAY SURROUNDED BY REBELS.

(BY A. P. NIGHT WIRE TO THE TIMES.)

PARIS, Dec. 24.—Paraguayans are revolting to the tempo as the revolutionaries have been making considerable progress throughout the republic and as a consequence the provisional president, Liberato Rojas, has called upon all the national guards and the reserves between the ages of 17 and 50. The revolutionaries now have surrounded Asuncion, the capital.

Brazil and Argentina have sent warships into Paraguayan waters, the commanders of which at the request of the diplomatic corps, have given notification that they will not permit the bombardment of Asuncion.

or other unfortified places. The government has sent the bishop of Asuncion to negotiate peace terms with the revolutionaries, but the latter, who has organized a provisional government, headed by Dr. Emiliano Al Pilar, on the Paraguay River about 112 miles from Asuncion, the revolutionaries have three warships which were bought from the Belgians. These are believed to be the vessels which it was reported recently were intended for the Portuguese royalists.

It is reported there are dissensions among the rebels which leads the government to hope that an arrangement is possible.

**EUROPE WELL IMPRESSED BY THE AMERICAN WAY.**

(BY DIRECT WIRE TO THE TIMES.)

LONDON, Dec. 24.—[Exclusive Dispatch.] Nothing in history of the United States during the last twenty-five years has impressed Europe more profoundly than the driving force of public opinion in the treatment of the passport question.

Predictions are made by eminent publicists here and on the continent that "Ere six months have elapsed St. Petersburg will reach a correct conclusion as to the feasibility of trying to reckon without the most marked international development of this century—the unique and extraordinary moral influence of the chief democracy of the New World, or the Jewish vote."

The British friends of general arbitration are hoping for a similar "Salutary upheaval of American conscience," to bring about the adoption of President Taft's programme in this regard.

WASHINGTON, Dec. 24.—[By A. P. Night Wire.] "No Christmas message could give me more cheer than this has," said Mrs. William M. Shuster, when she learned that her son, W. ATTEMPTED ASSASSINATION.

CHICAGO, Dec. 24.—Two Italians were arrested yesterday by police here in connection with the attempted assassination of Joseph Suter, alleged reveler of secrets of the Black Hand Society, on the night of December 19. The prisoners are Vito Baron and Vito Ingrassia. Information given the police by another Italian, who admitted he had positive information that Suter and Ingrassia were guilty, led to the arrests. The police informant also said he had been threatened with death for exposing secrets of the Black Hand. Suter was fired on with a shotgun. He escaped injury, but three passers-by were injured, none seriously.

WASHINGTON, Dec. 24.—[By A. P. Night Wire.] "No Christmas message could give me more cheer than this has," said Mrs. William M. Shuster, when she learned that her son, W. Morgan Shuster, the young American treasurer-general of Persia, finally had been dismissed from office in compliance with Russia's demand.

ATTEMPTED ASSASSINATION.

CHICAGO, Dec. 24.—Two Italians were arrested yesterday by police here in connection with the attempted assassination of Joseph Suter, alleged reveler of secrets of the Black Hand Society, on the night of December 19. The prisoners are Vito Baron and Vito Ingrassia. Information given the police by another Italian, who admitted he had positive information that Suter and Ingrassia were guilty, led to the arrests. The police informant also said he had been threatened with death for exposing secrets of the Black Hand. Suter was fired on with a shotgun. He escaped injury, but three passers-by were injured, none seriously.

WEDDING POSTPONED.

Invited Guests of a Proposed Stockton Function Wait in Vain for the Ceremony.

STOCKTON, Dec. 24.—[Exclusive Dispatch.] Although friends had gathered in the beautifully decorated parlors of the Central Methodist Church to witness the marriage of...

Invitations had been issued and a number of China shovels given Miss Morrow by her friends, who looked forward to the wedding date with eagerness. But the friends waited at the church in vain. There was no wedding. The bride and groom were not seen.

It is said the real reason of the postponement was that Smith's parents would not give consent, alleging their son is but 19 years of age. When he gave a marriage license he gave his age as 21 and that of the girl as 18. It is known the County Clerk was warned not to issue a license to R. C. Smith.

GENERAL DEMAND. MANY CITIES WANT PRISONER. SACRAMENTO, Dec. 24.—[Exclusive Dispatch.] L. A. MacKinsley, recently arrived in Salt Lake City and taken to San Bernardino to face a charge of alleged forgery, is said by the local police to be wanted in this city for passing three checks, three weeks ago under the names of J. S. MacKinsley and J. P. Hickox. The police were not informed of the operations of MacKinsley until he was out of Sacramento. According to the police he is wanted in nearly every city on the coast for forgery.

BABY GIRL DYING. KICKED BY A HORSE. HANFORD, Dec. 24.—[Exclusive Dispatch.] The 4-year-old daughter of Joseph Sopha lies at the point of death because of a frightful wound the child received yesterday by being kicked in the head by a horse. The child's skull was crushed and splinters of the bone were driven into the brain. A delicate operation has been performed, but the physicians held out no hope.

Frenzied. GREATEST GOLD STAMPEDE OF YEARS IS UNDER WAY.

ACCOMA (Wash.) Dec. 24.—[Exclusive Dispatch.] A Dawson cable says that stampeding to a stake on the new placer strike on the South Fork of Sixty-mile River is the greatest since the first Klondike strike. Two hundred men have been racing for six days with dog teams, many going night and day.

Ernest Miller, Frank Wagner and Louis Cruikshank, who happened to be at Ogilvie, fifty miles above Dawson, were the first to arrive and have just got back. They staked below John Matson, the discoverer, and John Pike, who got original claims.

Two Klondike wood cutters, a big party of miners from Stewart City and Henderson Creek, and a number of Selkirk Indians also were in the lead, says Miller.

He declares it was the hottest race he ever saw. He met seventy-five outfits, or about 200 men, rushing from Dawson.

Among them were many Moosehide Indians, hired with their teams by miners.

Chief Isaac, the head of the tribe, is piloting a "Sourdough," Sam Matheson.

All trained dogs in the country and all real prospectors are going. Every day more are being added to the list. Miller says some were wearing torn and ripped moccasins, worn nearly off in their haste, and some went through three miles of overflow water.

The course, he says, is like a boulevard on the main stream. The temperature was about zero at the start, but has dropped to forty below zero, making a cold finish. Matson's claim prospecting a dollar per square foot on bed rock.

## INSANE WIFE'S TRAGIC WORK.

**Kills Husband and Ends Her  
Own Life.**

**Shoots in Presence of Her  
Young Child.**

**Father Killed as He Bends  
Over Cradle.**

[BY DIRECT WIRE TO THE TIMES.]  
SANDWICH (Ill.) Dec. 24.—[Ex-  
clusive Dispatch.] The wife of  
Christmas day a pitiful tragedy was  
enacted this morning. While her six  
months' old baby lay cooing in its  
carriage, Mrs. Fred Feazel pulled a  
revolver from underneath her gar-  
ments and fired two shots into the  
head of her husband, Fred Feazel,  
manager of the Gorinsky Dry Goods  
Store of this city.

She went to the telephone and  
called for his brother to come over  
quickly as possible, then re-entering  
the room where the body of her hus-  
band lay in a pool of blood, sent a  
bullet into her temple and fell dead  
across his body.

Ever since the birth of her baby  
Mrs. Feazel has at times shown signs  
of insanity, and during these spells  
would have nothing to do with the  
care of the little one, often leaving it  
to her mother. Of her husband she  
was extremely jealous and at various  
times made the threat that she would  
not die without her husband.

They had been at the breakfast  
table, and had completed the meal,  
when Mr. Feazel arose and went into  
another room, where the baby was.  
After kissing the little one goodbye,  
he turned to go out of the room to put  
on his coat and to go to the store. As  
he turned and took a few steps toward  
his back to his wife, she fired the two  
shots and then ended her own life.  
Both were well known throughout  
the community.

**BANDIT WAS IMPOLITE.**

Alluded to Former Visit When He  
Robbed Sacramento Saloon and  
Tells Proprietor to Remain Calm.

[BY DIRECT WIRE TO THE TIMES.]  
SACRAMENTO, Dec. 24.—[Exclu-  
sive Dispatch.] At the hands of a  
youthful masked bandit who was recog-  
nized as being the man who robbed  
the saloon of Charles Camenzind, was  
held up late last night and the prop-  
rietor and seven men in the place  
were compelled to hand over their money.

"What," exclaimed Camenzind,  
"you here again?"

"Yes," calmly replied the robber,  
"and the last time I stuck up this  
joint, you ran into the street and  
yelled your head off. This time  
you stay inside, for I am going to  
stay outside, and if you open the door  
I will shoot your head off. Now line  
up, all of you."

The several men and Camenzind  
lined up against the wall. At this  
moment another man stepped into the  
saloon through the rear door. The  
bandit covered him with his revolver  
and lined him up.

After the previous hold-up the sal-  
oon-keeper bought a revolver, it was  
in a drawer, where he could not get  
it last night.

**RUSSIAN COUNT ARRESTED.**

Seized in Virginia and Started for  
New York in Charge of Detectives  
Who Refuse to Discuss Case.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
LYNCHBURG (Va.) Dec. 24.—An-  
drew J. De Guerrowski, said to be a  
Russian count, who has been in  
America twenty-seven years, left last  
night for New York in custody of two  
men, one said to be an immigration  
detective and the other a city detec-  
tive at New York. Further than say-  
ing they had a United States warrant  
for the Russian's arrest, the men were  
uncommunicative.

Guerrrowski was detained by im-  
migration officials upon his arrival in  
New York, October 31, from a six  
weeks' visit abroad, but was released.  
He stated at that time he did not  
know why he was detained, unless he  
was thought to be an enemy of the  
Russian government. He claims to be  
a Russian royalist.

Tonight it was said Guerrrowski's  
movements had been watched for two  
months by secret service men. He  
has been living near Lynchburg since  
a year ago and claims he owns es-  
tates at Miami, Fla., and Red Bank,  
N. J.

**KILLED FOR HER DOUBT.**

Massachusetts Police Think Irish  
Maid Was Mistaken for Italian Girl  
and Murdered.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
HYDE PARK (Mass.) Dec. 24.—  
After working diligently to solve  
the mystery of the murder of  
Bridget Pritchard, a pretty 18-  
year-old Irish girl, Police Capt.  
Franklin Grant has decided that the  
girl suffered the fate intended for an-  
other. Miss Pritchard, a maid em-  
ployed in the household of W. E.  
Vose, was stabbed in the back by an  
unidentified Italian while crossing a  
bridge over the New Haven Rail-  
road. Miss Pritchard had no enemy,  
so far as is known.

Her aunt, Mrs. Thomas Pritchard,  
on whose front steps the girl died,  
declares that she has a double in an  
Italian girl, who resides in the neigh-  
borhood.

The police suspect that the Italian  
woman was selected as the vic-  
tim, for they were informed that a  
short time ago this young woman had  
a quarrel with her sweetheart and  
cast him off. The murderer is still at  
large.

Boston Minister Accused of Mur-

From His Fiances.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
BOSTON, Dec. 24.—Christmas Eve  
found the Rev. Charles V. T. Rich-  
son, who is awaiting trial charged  
with the poisoning of his former  
sweetheart, Miss Avis Linnell, some-  
what recovered from the effects of  
his self-mutilation and subsequent  
surgical operation last Wednesday. His  
physicians said the prisoner is not  
yet out of danger.

Several bouquets of flowers, one the  
holiday gift of his fiancée, Miss Violet  
Edmonds, were placed beside the min-  
ister's cot, as a reminder of Christ-  
mas.

The initiative in any step looking

to the appointment of a commission  
to determine whether Richeson is in-  
sane will not be taken by Dis-  
trict Atty. Pelletier. Mr. Pelletier says he  
does not consider the minister's act  
of Wednesday warrants any such  
move. Although Lawyer Morse is  
quoted as saying that in his opinion  
the act indicated an abnormal mind,  
the defense has taken no steps as yet  
toward raising the question of sanity.

**ACQUITTED OF MURDER.**

Man Who Shot Band Manager,  
Henry Southworth, in Utah, Is  
Found Not Guilty by Jury.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
OGDEN (Utah) Dec. 24.—Henry  
Southworth was acquitted at a o'clock  
this morning of the murder of P. L.  
Hanks, who was killed at an amuse-  
ment park in this city August 12 last,  
and he is at his home in Farmington  
tonight with his mother and children.

The jury, composed entirely of mar-  
ried men, spent three hours in their  
deliberations and took one ballot.

When the verdict was announced  
there was demonstration in the  
courtroom, which called forth a stern  
reprimand from Judge Harris.

An effort was made by Dis-  
trict Atty. Bulfinch to have Southworth  
held pending an examination as to his  
sanity. Judge Harris ruled that he  
could not pass upon the matter at this  
time, and the attorney stated that he  
would take the necessary action to  
have the examination made within a  
few days.

Hanks, who was manager of a band  
playing in the park, was shot to death  
while walking with Mrs. Southworth.  
Southworth's defense was temporary  
insanity and the plea that Hanks had  
broken up his home, or what is known  
in some States as the "written law,"  
but what in Utah is written law.

**REJECTED SUITOR.**

HELD IN POISONING CASE.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
HENDERSON (Ky.) Dec. 24.—  
While the Coroner began inquiry into  
the fatal poisoning of the Royster  
family in Royster last night the Sher-  
iff moved rapidly today, arresting  
Philip Burris, said to have been a  
rejected suitor of one of the Royster  
sisters and formerly employed by the  
Royster estate. Of the persons  
stricken two are dead. They are  
Henry Royster, aged 18, and a negro  
cook, Thomas Royster and a daugh-  
ter, Lorena, are seriously ill, but  
physicians said they and other mem-  
bers of the family would recover. The  
ruse employed to poison the family  
was accomplished, it is believed,  
through beer sent to the Roysters,  
supposedly by a friend.

**FACES BURGLARY CHARGE.**

MINISTER TO BE TRIED.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
EUREKA (Cal.) Dec. 24.—The Rev.  
Henry T. Adams, the Episcopal min-  
ister of Arcata, who was arrested a  
number of weeks ago and accused of  
robbing a business establishment of  
that town, will go to trial December  
26, according to an order made to-  
day by Superior Judge Murray. Ef-  
fort was made to prevent holding  
Adams on a burglary charge, his law-  
yer asserting that the defendant had  
been invited to enter the store and  
that accordingly he could not be ac-  
cused of burglary. Since his arrest  
Adams has been at liberty on bail and  
has been making railroad ties. He  
will fight the case to the highest  
court, according to assertions made  
by his friends.

**CRIME BRIEFS.**

Automatic Crooks Defeated.

PATTERSON (N. J.) Dec. 24.—[By  
A. P. Night Wire.] Two men,  
armed with automatic revolvers  
held up Frederick Wilde, a manufac-  
turer, and Detective John H. Tracy,  
who were guarding a satchel con-  
taining \$2000 on the streets today.  
Tracy was shot in the leg, but the  
money which had just been drawn  
for the Christmas payroll of a shirt  
factory, was saved. The robbery at-  
tacked Tracy's injuries may cripple  
him for life.

Boy Shoots Sister.

OLNEY (Ark.) Dec. 24.—[By A. P.  
Night Wire.] Because his 11-year-  
old sister refused to share her Christ-  
mas money, a boy shot her dead to-  
day. Bryan Bridwell, according to the  
police and members of the family, blew  
off the little girl's head with a shot-  
gun. He suggested the division as  
they were returning home from her  
shopping expedition and when she de-  
clined to share her money, he shot her.  
The child was discharged when the  
triggers caught in his coat as he  
raised the weapon.

Striker Found Guilty.

HOUSTON (Tex.) Dec. 24.—[By A.  
P. Night Wire.] A San Genua,  
striking Southern Pacific shopman,  
was found guilty of violating the Fed-  
eral injunction against violence on  
the part of the strikers and sentenced  
to serve one year in the Federal peni-  
tentiary. He was charged with hav-  
ing taken part in an attack on two  
strikebreakers.

COLD WEATHER ANNOUNCED.

WASHINGTON, Dec. 24.—Unset-  
tled weather during the next few days  
will give way to a period of more sea-  
sonable weather by the end of the  
week, according to a bulletin issued  
tonight by the Weather Bureau. "The  
coldest weather of the season," the  
bulletin continues, "now prevails in  
the interior of Alaska, the lowest tem-  
peratures reached in that region being  
52 deg. below zero at Tanana and 46  
deg. below at Eagle. The indications  
are that the first part of the coming  
week will be unsettled, with snow or  
rain in northern and rain in southern  
districts, east of the Rocky Moun-  
tains, attending the eastward move-  
ment of a disturbance that now cov-  
ers the Middle West. Another dis-  
turbance will appear in the Far West  
about the middle of the week, cross-  
ing the Middle West about Thursday or  
Friday and the Eastern States at the  
close of the week. A pronounced  
change to colder weather will over-  
sweep the Northwestern States Tues-  
day and Wednesday, and will advance  
eastward and southward over the  
Eastern and Southern States during  
the latter half of the week, terminat-  
ing the prolonged period of unseason-  
ably high temperatures in this district."

NAVAL ATTACHE NAMED.

BERLIN, Dec. 24.—[By A. P. Night

has been appointed naval attaché to  
the German Embassy in Washington  
in succession to Commander Rets-  
mann. Capt. Boyd was in charge  
of the information bureau in the min-  
istry of marine in Berlin until his  
appointment was announced in the  
Gazette today.

to the appointment of a commission  
to determine whether Richeson is in-  
sane will not be taken by Dis-  
trict Atty. Pelletier. Mr. Pelletier says he  
does not consider the minister's act  
of Wednesday warrants any such  
move. Although Lawyer Morse is  
quoted as saying that in his opinion  
the act indicated an abnormal mind,  
the defense has taken no steps as yet  
toward raising the question of sanity.

**ACQUITTED OF MURDER.**

Man Who Shot Band Manager,  
Henry Southworth, in Utah, Is  
Found Not Guilty by Jury.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
OGDEN (Utah) Dec. 24.—Henry  
Southworth was acquitted at a o'clock  
this morning of the murder of P. L.  
Hanks, who was killed at an amuse-  
ment park in this city August 12 last,  
and he is at his home in Farmington  
tonight with his mother and children.

The jury, composed entirely of mar-  
ried men, spent three hours in their  
deliberations and took one ballot.

When the verdict was announced  
there was demonstration in the  
courtroom, which called forth a stern  
reprimand from Judge Harris.

An effort was made by Dis-  
trict Atty. Bulfinch to have Southworth  
held pending an examination as to his  
sanity. Judge Harris ruled that he  
could not pass upon the matter at this  
time, and the attorney stated that he  
would take the necessary action to  
have the examination made within a  
few days.

Hanks, who was manager of a band  
playing in the park, was shot to death  
while walking with Mrs. Southworth.  
Southworth's defense was temporary  
insanity and the plea that Hanks had  
broken up his home, or what is known  
in some States as the "written law,"  
but what in Utah is written law.

## TURKS ARE REINFORCED; CONTINUOUS FIGHTING ON.

[BY A. P. NIGHT WIRE TO THE TIMES.]

LONDON, Dec. 25.—All Turkish  
accounts of successes in Tripoli  
are denied with the greatest regu-  
larity in Rome, but there is evi-  
dence that the Turks and Arabs are  
constantly harassing the Italians.

According to the Daily Telegraph's  
Rome correspondent the Turks are  
receiving reinforcements, arms and  
money from some source, and plenty  
of work is still cut out for Gen. Can-  
neva's forces.

Field Marshal von der Goltz, the re-  
gulator of the Turkish army, has  
written an article in an Austrian pa-  
per in which he declares that Tur-  
key has gained incalculable advan-  
tages from the war, since it has re-  
conciled the Turks and the Arabs and  
created a union that will not easily  
be broken. He believes the present  
phase is only the overture to a long  
and obstinate struggle.

**CONTINUOUS FIGHTING.**  
[BY A. P. NIGHT WIRE TO THE TIMES.]  
CONSTANTINOPLE, Dec. 24.—The  
Turkish papers announce continuous  
fighting in Tripoli and Cyrenaica.  
Their reports are favorable to the  
Turkish and Arab forces.

**WAR ZONE IS LIMITED.**  
[BY A. P. NIGHT WIRE TO THE TIMES.]  
ROME, Dec. 23.—The limitation of  
the war zone to Tripolitan territory,

and the absence of any naval action  
on the part of Italy, makes the con-  
clusion of peace less urgent, as the  
interests of the other powers are not  
so severely affected as at the beginning  
of hostilities, when the eastern Medi-  
terranean and Red Sea were included  
in the zone of operations. All light-  
houses are again in operation, and  
navigation in these waters has been  
re-established.

Italy is convinced that even after the  
conclusion of peace with Turkey, the  
war will continue with the Arabs,  
and the subjugation of the interior  
will take months, if not years. As  
peace with Turkey would facilitate  
Italian operations in the interior,  
it is said, still is ready to pay the Porte  
a considerable sum on account of  
Tripoli.

Germany is anxious for peace, and  
hopes to induce the two countries to  
come to terms on the basis of the  
indemnity offered by Italy.

**SEVENTY-FIVE TURKS KILLED.**  
TRIPOLI, Dec. 24.—Gen. Trombi  
reports that in the engagement at  
Derna, December 18, the Turks had  
seventy-five men killed. At Tobruk  
on Friday, an Italian detachment,  
protecting the construction of a for-  
tification, was severely attacked by  
large numbers of the enemy. The  
fighting continued six hours, with  
the Italian loss, seven killed and  
fifteen wounded.

any trouble, because the mayor can  
veto any act of the councilmen she  
desires to veto and the three are not  
a majority of the body, hence can-  
not pass any measure over the vo-  
to.

"Things are quiet now," C. W.  
Trickett, the mayor's attorney said  
today. "That the councilmen ap-  
pear to desire to conduct the affairs  
of the town with more harmony than  
was exhibited by the full council and  
Mrs. Wilson exercises the veto power  
if they showed a disposition to re-  
turn to the former manner of con-  
ducting civic matters."

**JAIL BARS HELD  
BY HOLLY LEAVES.**

[BY A. P. NIGHT WIRE TO THE TIMES.]  
OAKLAND, Dec. 24.—Redwood  
boughs and holly wreaths hide the  
wrought steel bars of Oakland jail  
tonight. They are the gift of George  
Constantine, Greek, who runs a little  
street-corner flower stand, and Con-  
stantine himself lost a whole day's  
revenue in helping to decorate the  
prison.

A warm-hearted policeman, travel-  
ing east, suggested to Constantine  
that if he had any wreaths left, he  
might leave one on Christmas eve he  
might bring them to the jail. Early today  
he appeared with a wagonload and  
asked to be allowed to make his stock  
in trade a gift to the unfortunate.  
"It is the only gift I can make,"  
he said, and was permitted to have  
his way.

**Against Intervention.**  
HONOLULU, Dec. 24.—[By A. P.  
Night Wire.] Chinese residents of  
Honolulu, at a mass meeting held last  
night, adopted and called to sec-  
retary Knox resolutions protesting  
against foreign intervention in China.  
The resolutions also ask the United  
States to prevent other powers from  
sustaining the monarchy and urge that  
a republic be encouraged.

The expression "a long time" would refer to a very different period of duration and have a widely different meaning in modern times when weighed by archaeological evidence to the period of existence of the Egyptian pyramids, than when used by Carolina Governor with reference to the time of deposition of the court may be right, but probably

## DAGUERRETYPE COMING BACK

It is Now Possible to Make Them Permanent and of the Finest Detail.

"New York Times: "People are inclined to smile at praise of the daguerrotype of our grandfathers," said a photographer the other day, "but I want to say that the photographs of the present day is no improvement on it for artistic delicacy, for beauty and for quality. In subjects of likeness, nothing ever has equalled the daguerrotype of seventy years ago, and those who possess any are most likely to treasure them as the choicest heirlooms."

"There is at least one very good reason for the daguerrotype being better, and that is that there is nothing but the camera lens between the subject and the picture, and the only loss is the reversal of the subject. Another thing is that the highly polished silver plate of the daguerrotype makes possible the greatest amount of detail, and the softer shadows, much of which is lost in photographs today by the rough surface of the emulsion on the negative, by the opaqueness of the glass in printing, and the unevenness of the paper."

## "A LONG TIME"

Supreme Court Holds That It Means More Than the Phrase "A Short Time."

"[Collector:] The oft-quoted remark of the Governor of North Carolina to the Governor of South Carolina, he at last been brought into court, carefully construed, and found not to be so long as some other times. It is probable that it was the exceeding droughtiness of the interval which made it seem long. In a prosecution for the illegal use of whiskey in Alabama, a witness testified that he had bought a pint of liquor of the accused 'a short time' before the grand jury returned the indictment against him. It was objected that this evidence did not show that the prosecution had been begun within twelve months after the sale of the whiskey, the time limited by statute for beginning a prosecution. In discussing the objection, the Supreme Court in Wilson versus State, 53 Southern Reporter, 114, after holding that 'a short time' might be taken in the connection in which it was used, referred to a very different period, of duration and have a widely different meaning in measuring time when used by an archaean having reference to the period of existence of the Egyptian pyramids, than when used by Carolina Governors with reference to the time between the sale of the whiskey. The court may be right, but probably the Governor of North Carolina measured time as recommended the poet, who said: 'We live in feelings, not in figures on a dial.'"

## THE WORRYING WIFE.

Will Make Her Husband Grumble and Say the Harmony of Life Worn out Any Cause.

[Pittsburgh Gazette:] If you are a wife, don't worry. By doing so you are importing one of the greatest national vices.

Make your husband a grumbler meeting him with a worried look. Nag the children until their life is saddened.

Fuss about your cooking and household duties until you become ill. Become cross when your husband is a little late. He may have a good cause.

Crave excitement like playing bridge, because it causes worry.

Break the harmony of the household by worrying until your nervous system is wrecked, and thus bring grief upon people.

Allow yourself to worry until it comes a habit and makes you a victim long after the cause is removed. Fall to keep busy with useful employment.

These "dents" were given out Dr. A. R. E. Wyant of Normal Park, who is a specialist on medico-religious therapeutics.

He says worry is the greatest national vice there is, and that the use of the drug after the disease is a one else.

Recently he attacked husband who grumble, in a talk at the Auburn Park Congregational Church.

"When the wife worries it saps the vitality and throws into discord the harmony of life," he said. "There is a great amount of worrying for which there is no cause. This silk is thinner than the thing use of the drug after the disease is its baneful effect on the family is the joy-killer and makes husbands grumbler."

"Of course there is a distinction to be made where there is a cause of worry, but many people make a habit long after the cause is removed—a patient who takes medicine for disease and continues the use of the drug after the disease is cured.

"It takes a 'smiling mind' to make the little troubles of home life.

"A wife will worry over her husband being late at home when he has a good reason.

"She may worry over her poor cooking or her inability to do of household work the way she might yet if she would stop worrying, for patiently she would become more efficient. Worry causes indigestion.

Silk Protects Glass Documents.

[Washington Herald:] In the preservation of its rare manuscripts, the government has found an additional safeguard in Japanese tissue paper, the threads being finer than spider webs. It is pasted over manuscripts so firmly that it will not off all dust and air, and yet is transparent that it does not interfere with the appearance of the manuscript than would an ordinary pane of glass. It strengthens the manuscript so that the damage handling is reduced to a minimum.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

### AN INDUSTRIAL DISTRICT PLAN.

**Crown City Wants Factories in Fixed Area.**

**To Incorporate Idea in New Building Ordinance.**

**Christmas Plans Involve no Celebrations or Journeys.**

[Office of The Times, 62 S. Fair Oaks avenue.]

PASADENA, Dec. 22.—The establishment of an industrial district, bounded by a city ordinance, inside the limits of which all manufacturing enterprises of the city must be carried on, is now under consideration by Mayor Thum and members of the City Council.

If the plan is carried out it will probably be incorporated in the proposed new building ordinance and there is a possibility that the ordinance for which a special \$50,000 bond election has been called, will be erected within the district.

Toward this end the Council may ask the City Building Committee, appointed by former Mayor Easley and composed of Architects H. M. Green, Frederick Roehrig and Elmer Gray, to hasten its report.

In fact, the choice of a site for the incinerator is a vexatious problem. From the nature of the plant the Councilmen are obliged to keep the exact location of the site they decide upon, a secret until the city gains control of the property. It is found that an incinerator can be obtained that will be inoffensive there are those among them who believe that it should be placed within the industrial center—in case an industrial center is formed.

If an incinerator is possible, it would be no more objectionable in such an industrial center than any factory that might be there, said Comptroller W. T. Hoot last night.

The matter has been discussed and we have asked City Attorney Carr to make investigations as to the legality of the formation of such a district. Nothing definite has been done as yet.

If the district is formed, as has been talked of, the provision would be a part of the proposed new building ordinance. The City Building Commission has been at work upon this for about three months and it is possible that the Council may call for an early report.

This building ordinance is the most important thing now before the Council. Pasadena has no building ordinance that can be termed as such. There is really no definition of what a building is.

There is said to be little likelihood that the new incinerator will be built at the city farm. A site within the city limits is favored by most of the Councilmen.

Asked about the progress that has been made on its recommendations for a new building ordinance, Architect Green, of the Commission, said last night:

"We expect to have a report ready for presentation to the City Council soon, or rather soon. By that I mean perhaps in several weeks. We have not considered the industrial district proposition. That came up after our last meeting. We have confined ourselves more particularly to a technical consideration of the subject."

**CHRISTMAS AT HOME.**

The indications are that comparative few Pasadenans will leave the city today. Plans have been made everywhere in the city for home Christmas celebrations. The indications are that more presents were bought than in any previous year in the history of the city, and the outgoing mail, and for that matter, the incoming mail also, has been exceptionally heavy, while the express companies are fairly swamped with business.

Practically all of the stores in the city and all of the public offices will be closed for the day and all meetings that fell upon today have been postponed.

The majority of the churches of the city held their Christmas services yesterday forenoon and last night, although at some there will be services today.

Hundreds of Christmas trees have been delivered in the city and tons of decorations for them much ordered. The Salvation Army will crown its efforts of the last few weeks by supplying beautiful meals to those who otherwise would have nothing but ordinary fare. It will also distribute a large amount of clothing and in diverse ways make the day pleasurable for those whose store of earthly enjoyments is scant.

**EARTHQUAKE IS FELT.**

A slight earthquake was felt by many in Pasadena early yesterday morning. At the police station it was recorded at 1:45 o'clock. No damage was done, so far as could be ascertained yesterday, although some of the buildings vibrated and many were awakened. It was most pronounced in the vicinity of Mt. Lowe. A farmer near Rubio Canyon by the name of McClelland reported to the police that dishes were jarred off a shelf in his cabin.

**BISHOP IS COMING.**

Methodists of the city are making plans for the entertainment of Bishop Edwin H. Hughes of San Francisco, head of the Methodist Episcopal Church of California, who is expected in Pasadena the latter part of this week. He will be the guest of his brother, Rev. Matt. S. Hughes, pastor of the First Methodist Episcopal Church.

A notable affair during his stay will be a reunion to be held at the First Methodist Church January 2, at which time Bishop Hughes will speak.

**CITY BRIEFS.**

The Southern Pacific Railroad last Saturday took over the office of the Pacific Electric Railway Company and hereafter the business of the two companies will be carried on under a single head in the city. Chester Seay, who recently was appointed city agent of the Southern Pacific Company, will have charge. The station, at the corner of Colorado street and Broadway, is being remodelled so that the interior arrangement will soon be much better suited to its purpose.

The regular meeting of the City

Commission, which falls upon this morning, will be held tomorrow morning instead. The chief business will be the appointment of a leader of the Pasadena Municipal band. Following the appointment the band will probably soon be recruited so that concerts may be begun as soon as possible.

Mrs. Mary A. Millard, wife of Edward E. Millard, of No. 167 Millard court, died at her home yesterday morning of pneumonia after a short illness. She was 39 years of age and had lived in Pasadena for some time. Millard is a city employee and a prominent member of the local lodge of Odd Fellows. Funeral arrangements have not yet been arranged.

**AUTOMOBILE OVERTURNS.**

**Pasadena People Are the Victims of Accident While Trying to Avert a Collision.**

[Office of The Times, 62 S. Fair Oaks avenue.]

PASADENA, Dec. 22.—S. J. Edwards, his son, of No. 408 Galeana avenue, and Mr. and Mrs. S. J. Hartford, Sr., and Mr. and Mrs. A. J. Hartford, Jr., neighbors, had a narrow escape from death or serious injury yesterday forenoon when an automobile overturned with them at Villa street.

The younger Hartford was driving and made a too sudden turn in order to avoid collision with another car.

The elder Mrs. Hartford was pinned beneath the tonneau and it required the aid of the others, who were fortunate to fall clear of the machine, to lift it up and extricate her.

Beyond a shaking up none was injured, except W. W. Edwards, who is a well-known architect of the city. He sustained a laceration over the right eye and cuts and bruises on his arms and knees. He was taken to his home, where he was reported last night that his condition was not serious.

The Hartfords are newcomers to the city and at the time of the accident were on their way to look at a site upon which they intend to build. Edwards had drawn plans for the residence.

Residents and pedestrians a block away heard the crash of the machine when it turned over and rushed up, expecting to find all of the occupants dead.

**BOXES GO FAST.**

The choice boxes at Tournament Park for the chariot races of the Tournament of Roses were sold at auction last night at the office of the Southern California Edison Company, No. 15 East Colorado street.

The boxes were auctioned off by Col. W. J. Hogan and a handsome sum was realized which will go toward defraying the cost of producing the pageant.

New Year gifts at Grace Nicholson's, Hotel Vista del Arroyo, Pasadena. Wadsworth sells paints.

**MRS. JACK CUDAHY ARRIVES.**

Woman Who Has Achieved Considerable Publicity Will Spend Christmas in Pasadena With Children.

PASADENA, Dec. 22.—Mrs. "Jack" Cudahy, whose sensational separation from her husband in Kansas city brought her into the limelight and the care of whose children was later a matter of dissension, is in Pasadena for the holidays.

In a snug bungalow at the Hotel Maryland, she has set up a temporary home, and her children, the little girls strutting about the room in some of her own long gowns and large hats.

"The little dears," she said, "hug me first and then they hug one of them and then another of them. In fact there was little room for talking with the stream of endearments that passed between them."

The children have been in the care of Mrs. Michael Cudahy, her mother-in-law, who lives at No. 265 Bellefontaine street, where they have been in the Ramona convent near Shorb. But for the holidays, at least, they are to be with their mother.

"The poor dears," she said, "they are too small to be in a convent. They are better off with me. Why, look at this picture of them!" holding out a silver-framed photograph of the group, "and they are pointing to another. They show much better when they were with me."

"I cannot tell how long I shall be here, but I shall be here with the children. I don't know what I shall do."

"Will you make any effort to take the children back home with you?" she was asked.

"No," she said, "they shall remain at the convent until their education is completed."

The children are Edna Cathryn, aged 11; Marie Cecilia, aged 9; Anna Elizabeth, 7, and Michael, 4.

Attention was called to a report that "Jack" Cudahy himself is, or recently was, in Southern California. "I did not know it if it is so," she said. "I think it was the other John Cudahy. There are two of them in the family, you know."

"Is it possible that there will be a reconciliation?" she took up the words and laughed. But she changed the subject as suddenly, and did not recur to it.

Asked if Cudahy will also pass the Christmas holidays with the children, she said she did not think so, but that he might come on to see them later.

"There have been lots of things said about me that are not true," she said. "I do not attend Bohemian suppers, and you know I don't drink. I drop and a small one for dolls. My shoulders are broad and I can carry a lot of them, but I have children and I turn me for their sake."

The bungalow in which the mother and children will pass their Christmas is a small one, but it is a large Christmas tree for the children and a small one for dolls.

"I think I know best how to bring them up," she said. "I believe in letting them have a good time."

### WAREHOUSES ARE DESTROYED.

**Edison Company Suffers Loss at Santa Monica.**

**Fire, Aided by the Wind, Was Unconquerable.**

**Angeleno Is Arrested for an Alleged Dereliction.**

[Office of The Times, 62 S. Fair Oaks avenue.]

SANTA MONICA, Dec. 22.—Fire of unknown origin at 5:30 this morning was responsible for a loss of \$35,000 to the Edison Company, when it destroyed warehouses, barn and supplies at Eighth street and Colorado avenue.

The warehouse contained tools, gas and other supplies for the contractors, copper wire and supplies of all kinds. Among the things burned was half a car load of meters which had just arrived and been stored there. It is thought that the fire was caused by crossed electric wires. The wind was high and it is the theory that the blaze was started when the insulation wore through and the bare wires resulted in a cross-circuit. The fire department was prompt in response after the alarm was given, but the flames had gained such headway that it was impossible to do more than to prevent a general spread of the conflagration. The wind carried sparks across the street and at one time it was blazing in more than a dozen places. The French Bakery, two blocks away, was also in danger, but there was no damage at these places. It is thought by the Edison officials that the loss is fully covered by insurance, but the records and policies were not available today to learn the amount of the insurance.

**PARENT ARRESTED.**

W. C. Hughes was arrested here today on a warrant from Los Angeles, charging him with failure to provide for a minor child. He will be taken to Los Angeles to plead.

**SURPRISED FRIENDS.**

A quiet Christmas wedding was that of Street Superintendent Henry E. Stone, who married his friend, Mrs. Magnolia Pendleton to the altar. The ceremony was performed in the presence of the immediate family and a few friends. Another holiday surprise marriage was that of Miss Emma Fleschert to Mr. Tooley. The ceremony having been performed at the Baptist Church, Saturday evening, by Rev. A. T. Robinson.

**CHRISTMAS SERVICES HELD.**

SOUTH PASADENA, Dec. 22.—Christmas in some manner, was celebrated in all the city churches to-day.

**Fourth Event.**

Initiating new candidates into the Lambda Kappa Gamma Sorority fourteen Pasadena young ladies, have spent several days quartered at Guard Cottage, Summer avenue. They are Misses Carolyn Nichols, E. K. Adams, Ester Brooks, Bertrice Wheeland, Ruth Merrill, Grace Guard, Hazel and Pearl Brovoldt, Adelaide Maham, Nora Swarthout, E. Rohne and Miss C. Brooks. The party was chaperoned by Mrs. H. Ford of Pasadena.

**TROPICO POSTOFFICE ENTERED BY BURGLARS.**

Entered through a rear window. The glass was broken and the safety catch released. The burglars entered the morning Mrs. Bullis, who is in charge of the office, said:

"I do not understand why anyone should break into this office. The intent of the burglars is extremely puzzling. If they entered the office, they thought of stealing any of the mail, they were disappointed for as far as we can tell, nothing has been taken with the exception of the mail bag key. We are investigating the affair."

This robbery is the fourth affair of its kind which has taken place in this city during the past two weeks, the Tropico Mercantile Company, the local grocery and store on Glendale avenue having been entered. The police of the place are working on the case.

**BEACH TOWNS FROWN ON GAMBLING GAMES.**

SANTA MONICA, Dec. 22.—The example set by Constable Barton of Bona, township in suppressing the fortune wheels and turkey rattles was quickly followed by Constable Stephen Jackson, who has closed all of these gambling devices in Santa Monica. The authorization came from the District Attorney's office, although the games had for some time been openly run under the eye of the police of both cities.

The fact that women and children constitute a majority of the number who patronized the games is one of the incidents that brought the practice into such general disrepute. Public opinion is also strongly opposed to the continuance of the Japanese ping-pong games and the tin-plate gambling devices whereby articles of merchandise are given to the holders of lucky plates.

This opposition is developing such strength that it would seem to be only a matter of a short time until all games of chance on the strand shall have been their final end. It is argued against the so-called ping-pong games that women and children are the victims of the game.

**WATER QUESTION.**

When the city charter was adopted Santa Monica was confronted with the water question, as she is today, and the charter was made to include a provision bearing upon the time when municipal ownership might be considered. This section points the way to the creation of a commission to inquire into the question. Unless it should be determined that the Owens River water will soon be available, or the local companies do not succeed in developing a sufficient number of good wells to meet the growing demands of the expanding city one of

day. At the St. James Episcopal, they sang the first vespers of Christmas at 3:45 o'clock this afternoon, which was followed by a short organ recital by John Bettin, organist and choirmaster, with Miss Georgia Bullock as assisting soloist. Tomorrow on Christmas Day the choir will sing King Hall's Communion Service and Tour's Anthem, "There Were Shepherds." Harold E. Wallberg, a violinist, will play "The Christ Child," by Whittier, and "The Christ Child," by Whittier. This afternoon at 4 o'clock, the Christmas exercises were presented by the Sunday-school children.

At the Baptist Church, the greater part of the morning service was sung by a double quartette of solo voices. Portions by Dudley Buck's beautiful cantata, "The Coming of the King," was rendered and the offertory solo, "The Christ Child," by Whittier, was sung by Miss Harriet Vail. This afternoon at 4 o'clock, the Christmas exercises were presented by the Sunday-school children.

The new motorcycles of the South Pasadena police are proving the wisdom of the investment by the number of arrests made recently of automobile and motorcycle drivers who hasten through this city at an unseemly rate.

Mrs. C. E. Cosper, No. 923 Adeline avenue, has received news of the death of her father, W. D. Claggett, of Salem, Or. Mr. Claggett visited his daughter in this city last spring, and made many friends while here. He was contemplating another trip here soon after the holidays.

The second robbery to occur in this city within the week occurred yesterday afternoon at a Japanese employment agency on Mission street, the sneak thieves getting away with over \$40 belonging to two Japanese who roomed there, but nothing else of value was missing. The Marine is investigating the matter, but so far no clues have been obtained. In the Japanese reported that he caught a robber in his room, but after grasping with him, and recovering his valuables, he let the man go.

Mr. and Mrs. A. D. Cjaj, Fair Oaks avenue and Monterey road, formally announce the marriage of their daughter, Marie Antoinette, to Richard Overall of Los Angeles. The young couple are in San Francisco on their wedding trip, and upon their return will live in this city until February, when they contemplate an eastern trip.

**ELABORATE PREPARATIONS.**

Christmas Day Is to be Utilized by Society People for Wedding Purposes—Pasadena Visitors.

AVAILON, Dec. 22.—Elaborate preparations have been made for the wedding of Archibald Lee Harris, of Phoenix, Ariz., to Miss May Alderman of Detroit, Mich., the ceremony to take place at the home of the officiating clergyman, Rev. M. Arthur Martin, at 1 o'clock, Christmas Day. The bride-to-be arrived from Detroit, Thursday with her two bridesmaids. Mr. Harris is a prominent business man of Phoenix. The wedding will be made by the bride and groom after the ceremony.

In the Schlitz Brewery some say, protection against impurity is carried to an extreme. We don't think so.

We have adopted an idea, every invention to and preserve purity.

We scald every tub, keg and barrel—every pipe—every time we use it. We wash every bottle times by machinery. Even the air in which the beer cooled is filtered.

It is aged for months in glass enameled tanks. It does not cause biliousness. It will not ferment in your stomach.

## ROSE LEAVES TO RAIN FROM SKY.

Rodgers to Shower Petals on New Year's Tournament.

Pasadena's Pageant to Be the Greatest One Yet.

Four Miles of Flowers; All Society in Line.

This week will see completed to the last detail the elaborate preparations which have been going on for months for the greatest Tournament of Roses that Pasadena has ever seen. Nine hundred and twelve is the twenty-third year to be observed in the Crown City in a riot of floral magnificence, and the pageant which has made the city famous will this year set a new mark for the future to measure up to.

Only circumstances have changed in the twenty-three years of evolution of the Rose Tournament—the spirit of contrasting the all-enveloping blanket of snow of the East with the wealth of blossoms of the Southland is the same. In 1888 the tournament was represented by a parade of a few flower-decked horses and carriages. Now automobiles have taken the place of the carriages, and there will be several hundreds of flowers for every blossom of old. Instead of going into a clear sky dotted only by fleecy clouds, the spectators will have an airplane crossing and recrossing their path and rose petals will rain down upon them.

But it will not be just the airplane, nor the floral parade, nor even the chariot races, or the Wild West show that will follow them at Tournament Park, nor all of these together that will be the chief feature of the tournament this year. Society has interested itself in the event to such an extent that it will parade en masse.

**BRILLIANT PAGEANT.**

Upon the floats will ride Pasadena's prettiest girls and the automobiles that will be marshaled under the head of the Mask of Vanity Fair will be loaded with the elite of the city, handsomely robed and with thousands of dollars worth of the most exquisite floral decorations about them. The cars themselves will be so completely covered that they will appear to be only moving forms of greenery and flowers. The arrangement of these, the designing and the decoration, is to be one of the chief holiday occupations of the society maids and matrons of the city, and here, though friendly rivalry has already developed.

E. F. Orr, president of the tournament, said last night:

"More money is being expended on this year's tournament than the city has ever thought of spending upon a tournament before. It is going to cost between \$20,000 and \$25,000 exclusive of the service of all who will take part. Their help could not even be estimated in dollars and cents.

"We are going to outdo ourselves. The event will be the most brilliant that has ever been held here. All of our past experience, many new ideas, places of good fortune, from every side, are going to combine to make it as novel as the first and as perfect as anything in the future can be.

**FOUR-MILE PARADE.**

The floral parade this year will be approximately four miles in length, a mile longer than that of last year. The floats are in preparation, but we have not yet been notified exactly what they are to be. We are assured by those who are to supply them, that each has the most striking and that each will have the clearest, brightest float or feature, whatever it may be. There will be between seventy-five and one hundred entries and over 100 private pieces, all decorated, will be in line.

Savior Rodgers is to make two flights in the forenoon before the parade. Each time he will fly from Tournament Park to a point east of Orange Grove avenue and back. The chariot races will be held to better than any we have ever had. There will be two races of three heats each. The race course is a half mile track. After the races there will be several special entertainments of a Wild West nature.

"We are going to give the people who come to Pasadena this year the best show they have ever witnessed. We are going to furnish them with flowers and fill their nostrils with the perfume of the Crown City's choicest blooms. Easterners are already leaving their homes in order to be present. The indications are that there will be 150,000 or more strangers in the city.

The Komical Knights of the Carnival are working day and night to perfect the burlesque parade, which will be the evening feature of the tournament. Details regarding this are being kept under cover of secrecy, but there are plentiful of the superior character of their programme.

**FOUR WILL SEE SANTA.**

Four Hundred Children Will Be Invited Guests at Party Given at Fashionable Residence.

Santa Claus is coming to visit the Four Hundred. Although it will not be exactly a society affair, still it is to be very exclusive and the hosts of 400 poor children of the East Side will be made glad at the East Side afternoons when they will be entertained at the home of Mr. and Mrs. Robert Marsh, No. 1115 Westchester place.

Mrs. Marsh and several of her friends have arranged to give the children a delightful time. The big tennis court west of the Marsh residence has been converted into an old-fashioned scene, with a big fireplace at one side and a big Christmas tree in the center. William Garland will take the role of Kris Kringle and he will give bags of candy, dolls, and so on, to the boys and girls. There will be wonderful presents to the 200 boys and 200 girls who have been invited to attend the Christmas party.

The total invited range in age from 2 to 12 years. Some have been selected from the various orphan homes for private homes where Santa Claus might forget to call. Four electric cars have been chartered and the use of many automobiles donated to convey the children to the Marsh home.

The big tent has been decorated with flowers and greenery and many Chinese lanterns. Six boys and six girls will represent reindeers and will be harnessed to the sleigh in which Santa will ride around the tent, showering presents upon all. This is the fourth Christmas entertainment given the children by Mrs. Marsh.

Pagan Idols of Distant Indian Shrines, which formed part of the platform decorations at the Temple Baptist Church, yesterday, when Christmas services, celebrating the success of missionary labor, were conducted.

Daylight Saloon Closing League Prepares Ordinance to Be Submitted to Vote of People Next Spring if Enough Signatures Are Secured for Special Election.

A proposed daylight saloon closing ordinance to be submitted to a vote of the people at an election next spring was adopted at the Gospel Prohibition meeting in Mammoth Hall, No. 517 1/2 South Broadway, yesterday afternoon.

The ordinance is subject to revisions which may be made within the next two weeks before committees begin the work of securing names for the petitions to be presented to the City Council requesting an election. By its provisions saloons are not allowed to open until 8 o'clock in the morning and must close at 6 each evening. Cafes and restaurants may serve alcoholic liquors with meals at any specified hours, according to the ordinance. Wholesale business must be done within these hours. Violation of the ordinance is held sufficient cause for arrest of the dealer's license by the city authorities. Imprisonment or fine of \$50 or both are provided for owners or lessees of buildings who allow their premises to be used in violation of the laws. The ordinance drafted is as follows:

It shall be unlawful for any individual, firm, company, corporation or other person to sell or give away alcoholic beverages in Los Angeles, between the hours of 6 o'clock p.m. and 8 o'clock a.m., except in accordance with the conditions prescribed in Paragraph 2, following:

2. That it shall be the duty of the proprietor, lessee or manager of any hotel, cafe, restaurant, or other place where a permit from the city of Los Angeles to sell alcoholic liquors with meals, to sell, give away, or otherwise serve or distribute, any alcoholic liquors, except during the hours hereinafter specified and under the conditions herein provided: Such individuals, companies or corporations as have legal authority from the city of Los Angeles to serve alcoholic liquors with meals may do so only between the hours of 7 o'clock a.m. and 8:30 a.m., 11:30 a.m. and 1:30 p.m. and 5:30 p.m. and 7:30 p.m.

Penalties: Any violation of the terms of this ordinance, or of any other law, ordinance or official act of the city of Los Angeles, or of the Board of Police Commissioners of the city of Los Angeles, relating to the sale of alcoholic liquors, shall be sufficient cause for the annulment by the city authorities of the license held by the party or parties so violating the law. It shall be unlawful for any owner, lessee or manager of any building in Los Angeles or for the agent of any such owner or lessee to rent or otherwise allow premises under charge to be used for the sale of alcoholic liquors except as such sale shall be conducted in compliance with the law, and any violation of this provision shall be punished by imprisonment for six months or by a fine of not less than \$500 or by both such fine and imprisonment.

After the adoption of this ordinance no licenses to sell alcoholic beverages shall be issued to any party or parties who have ever been convicted of violating the laws or ordinances of the city of Los Angeles or of the Board of Police Commissioners of the city of Los Angeles or for the agent of any such owner or lessee to rent or otherwise allow premises under charge to be used for the sale of alcoholic liquors except as such sale shall be conducted in compliance with the law, and any violation of this provision shall be punished by imprisonment for six months or by a fine of not less than \$500 or by both such fine and imprisonment.

## SOCIETY PLANS YULETIDE JOYS.

ST. VINCENT DE PAUL WORKERS ARE ON THE JOB.

Splendid Efforts of Organization to Bring Christmas Cheer to Many Poor Families—Co-operating With Other Associations to Bring Relief to the Needy.

In harmony with the charitable work of other institutions during the Christmas season, the plans of the St. Vincent de Paul Society have been very comprehensive, and today every conference in the diocese of Monterey and Los Angeles will send baskets of provisions and sweetmeats to the homes of hundreds of poor people, regardless of color or creed.

The St. Vincent de Paul Society of the diocese embraces seventeen churches and parishes, and a large amount of charitable work has been accomplished by the society. More than 1000 families have been assisted in various ways and there have been 150 families on the regular relief roll. Besides this, personal assistance has been given by the society to nearly 1000 men and women and hundreds of situations have been secured by members of the society for men who were able and willing to work. Nearly \$10,000 has been expended for relief work among the needy.

Valuable assistance has been given to this splendid body of Catholics by the Associated Charities, the County Charities, the Humane Society and the physicians of Los Angeles have ever shown their willingness to help their bachelors' dance for St. Valentine's Day, the Los Angeles County Club to be the scene of the "bachelors' dance."

Mr. and Mrs. Michael J. Connell were also entertaining a party of friends, and altogether the scene was one of pleasant well-being, prosperity and beauty.

**A Real Pink Tea.**

Mrs. Phelps Reed, fair-haired and winsome, presided at a genuine pink tea on Friday afternoon, in her new home at San Gabriel, when her guests included no less than four brides-elect.

It was a radiant affair, in which pink carried out in all manner of quaint ways, played a very important part. Each of the prospective brides confessed to a marked preference for pink.

Miss Nora Purcell, for whom a shower was also in progress, became a bride tomorrow, and will be followed at short intervals by Miss Constance Clark, Miss Shirley Burns and Miss Constance Colwell. The latter is sister to Mrs. Reed, who is here from New York, an auburn-haired beauty, with charming taste in dress.

**At the Country Clubs.**

Tea and music found much favor at the Amador Country Club on Saturday afternoon, many hostesses making up small parties. Amongst them one noticed Mrs. John Haynes, who was entertaining Mrs. J. W. McKinley, Mrs. James North, Mrs. West Hughes and Miss Milton. At another table Mrs. Percy Griffin entertained for Miss Throott, and Mrs. E. S. Armstrong of Salt Lake, the latter the golf champion for the Coast this year.

Paul Libby played host at a very distinguished table, which included Mr. and Mrs. James Macdonald of London, Eng., and Mr. and Mrs. E. S. Armstrong of Salt Lake, the latter the golf champion for the Coast this year.

Other visitors were Mr. and Mrs. Beckwith of Metford, Or., who were guests of Mrs. James Macdonald of London, Eng., and Mr. and Mrs. E. S. Armstrong of Salt Lake, the latter the golf champion for the Coast this year.

**A Surprise Party.**

On Friday evening Mr. and Mrs. Edmund Leonard Doran of No. 827 South Burlington street gave a joyous party for their daughter, Miss Margaret, to which a large number of friends were bidden.

**A Happy Reunion.**

The Mount Washington Hotel is to be the scene of a happy reunion of the past and present members of the Delta Sorority of Occidental College on Wednesday afternoon. They are also to enjoy a seaside house party at Alamogordo on January 4 and 5, for which occasion the clubhouse has been commandeered. The merry party of pretty maidens will go down on the morning of the 4th and return on the morning of the 5th, and they very naturally anticipate having a thoroughly good time.

**Fraternity Frolics.**

The Owl Fraternity of Occidental College proposes to make merry early in the year, January 20 having been selected as a suitable date for a dinner-theater party.

Tomorrow evening sees a great gathering of Occidental folk, the Van Nuys Hotel to be the scene of action. The affair is known as a college dinner, and everybody from the president to the naughtiest or dullest student is expected to be present.

**Toujours Les Debutantes.**

Mr. and Mrs. W. W. Barker and Everett Barker now come forward as debutantes' hosts, and are to give a ball for the society ladies on January 10 at the Los Angeles Country Club. The guests of honor will be this year's debutantes and quite a lot of admirers will be invited to admire, and possibly enjoy these fortunate debutantes.

This event will follow closely upon the heels of that other large entertainment which the Barkers are giving at the Country Club on the evening of December 29. On the first occasion the grown-ups will have their inning.

**Tea and Tennis.**

The San Gabriel Country Club will be sacred to tea and tennis on the afternoon of December 16, when there will be a large social gathering, and exhibition tennis matches by a number of the star players, chief amongst whom, of course, will be the Misses Sutton.

The evening will wind up with one of the club's jolly dinner dances, this time labeled a holiday dance, and therefore possibly even merrier than ever.

## EVENTS IN LOCAL SOCIETY.

Miss Grace Mellus occupies the center of interest these days. She quite dominated events at the Los Angeles Country Club this week end, entertaining on Saturday afternoon, and being entertained by Mr. and Mrs. Walter Clarke in the evening.

The afternoon affair was one of those delightful tea parties for which the club is becoming quite famous, and being entertained by Mr. and Mrs. Walter Clarke in the evening. The afternoon affair was one of those delightful tea parties for which the club is becoming quite famous, and being entertained by Mr. and Mrs. Walter Clarke in the evening.

For the evening event Mr. and Mrs. Walter Clarke bespoke the large round table, which helps to make a dinner party so sociable and intimate. Some thirty guests crowded around the festive board to do honor to the young couple—and incidentally to have a very good time.

At nearly 10 o'clock Mr. and Mrs. William May Garland, and Dr. and Mrs. Guy Cochran were each entertaining parties of guests, while Dr. J. S. Hunt accounted for a dozen or so friends in another corner. Mrs. W. A. Baker, who are entertaining so lavishly these days, were dining with Mr. and Mrs. Frank Griffith. Everett Barker, a young bachelor, was partaking in the company of that more seasoned bachelor, Y. L. Mott, at another table.

And talking of bachelors, there was a most interesting gathering of these self-confident beings making merry—Messrs. Charles Seyler, J. McGilvray, Walter Van Felt, R. J. Swartz, Carl Klokke and Charles Hopper. With consummate arrogance they have fixed their bachelors' dance for St. Valentine's Day, the Los Angeles County Club to be the scene of the "bachelors' dance."

**BIG BUSINESS.**  
 A landscape artist has gone to work on the plans for an industrial city at Dominguez and, while he is earning \$10,000 for himself at that enterprise, he will be laying the foundation for a combination of industries which will earn millions for Los Angeles in the future.

**THE NEXT EVENT.**  
 The New Year is hastening swiftly this way. Now the advice-givers will be free with their suggestions as to what people should do in the way of eating and resolutions. It's a needless thing, this "sweating off." Do your duty to your family, your employer, yourself and your God as every day comes around and the future will take care of itself. There's no need to resolve about it.

**HAZE OF RED.**  
 Bonar Law, the new leader of the British Conservative party, has shown his astuteness in starting the crusade against socialism. The cablegrams say that the movement has attracted many thoughtful liberals. Of course it has. In the old world they are becoming more and more awake to the danger which threatens the home, the church, in fact, everything that the decent-minded hold sacred.

**TIT FOR TAT.**  
 A San Francisco woman secretly drew the family savings from a bank and came to Los Angeles to buy herself pretty clothes with the money. She was arrested; but in many of the States in the East every husband has the right to draw his wife's private account from the bank and, though she earn her money at the washbowl, he may spend it freely for drink. It is one of the redeeming features of California statutes that such a thing is not possible under them.

**NO LAST ROSE.**  
 In Southern California there's no last rose of summer or of winter. It can't bloom alone because thousands of others will insist on blooming with it. Thousands of "last roses" all blooming together will be seen in Pasadena next Monday, when the annual Tournament of Roses will be given. To add variety to a fine programme the Crown City people have arranged to have a birdman fly over the city dropping roses by the way.

**ALWAYS THE SAME.**  
 Oddly enough it is those who have failed more or less in business or in character who annually make the strongest and most heroic New Year resolutions. People are the same in character and ability all other days in the year and every day of life is a fresh opportunity for a new beginning. It is not at all bad that New Year should remind us exceptionally of our duties to society and to ourselves, but it is something of a strain on the conscience to carry the whole burden from year to year. It would be a little better, perhaps, if we took a sort of moral stock of ourselves say once in a fortnight, if not every day.

**LIFE'S BLUE STREAK.**  
 Gloom is part of the joy of living. This paradoxical statement is commended to the host of writers who advise that the Christmas spirit and the Christmas smile should be on tap all the year around. If life were all gaiety, without a blue streak, pleasure would become a monotony. We need touches of sorrow in our existence. Like a drop of tobacco on a fine-flavored eastern oyster, that adds just the one thing required, so a little bit of what the Britishers call "the pump" gives flavor to existence. Our sweetest songs are those which tell of saddest thoughts, said a poet. Therefore it is not exactly the best advice that is being so liberally trotted out to the effect that a man should be as cheerful all the year as he makes believe he is at Christmas. A good honest rough work wonders sometimes.

**IN THE STREET.**  
 While making a crossing on Broadway a man felt a hand upon his shoulder and looked up into the smiling face of a bishop to whom God has been so good as to permit a residence in Los Angeles. "Look sharp," called the bishop, merrily. "It is quite different in Los Angeles today than it was in the drowsy little village where we so often passed each other twenty years ago. The man laughed back as he surveyed the smart pepper and salt business suit which the bishop wore, and said, "You were 20 then, and it took a long, shining Prince Albert in those days to cloak your dignity. Even your hair insisted upon a clerical length. You instinctively lowered your voice then if you addressed so great a man as a bishop, and you would have missed your appointment rather than enter the pulpit without a white tie."

The two old friends shook hands warmly and parted, the mind of each remaining a canvas whereon memory's pictures played. What a joy these chance meetings in the street may be to us all if we give them the human touch and if we expect to receive that touch from those we greet.

It is quite evident that the czar of Russia never saw Augustus Thomas's play, "As a Man Thinks." Here is an authentic study of a wise, benevolent Jew, representative of the highest traditions of his race, undisturbedly true to those traditions, yet finding it possible to follow humane and tolerant courses which a generous flexibility enables the good Jew to take without the sacrifice of respect for his race and himself. There are plenty of Dr. Samuel Seeligs in Russia.

Today the turkey will report that all is lost save honor, one wing and a neck.

## HAIL TO THE PRINCE OF PEACE!

There was a time and not long ago when a secular press in most communities in our own country would have hesitated to print an editorial article tinged very deeply with religious thought. If the thought were anti-religious it would have been otherwise. Now there has taken place an entire change. A newspaper today may very safely touch upon religious subjects, and it would be an act of temerity for a journal of any standing to take an anti-religious stand in any community.

For example, within recent years it would have been risky to quote the Acts of the Apostles as authority. Such an act would have provoked ridicule on the part of a very great many decidedly intelligent persons. This is all changed. There is no scholar, whatever his religious views may be, whose opinion is worth consideration at the present day, who has any doubt about the genuineness and authenticity of this book of the Bible.

So we appear before our readers this morning thoroughly convinced that in spite of all divergences in religious opinion there are certain facts, both fundamental and important, upon which we shall all agree. Leaving to the eloquent preachers of the various churches the function of setting forth theological dogmas it is competent for the secular journal today to point to the Prince of Peace as the most potent personality that has ever set foot upon this globe of ours. His influence far overtops that of any other person of the human race. His views are firmly held today by more people of high intelligence than any other leader of thought ever had as follower. Another point upon which we shall all agree is that the influence of the Christ has been more beneficial and more purely good than that of any other teacher or leader. We are not speaking of things done or influences exerted by some who have professed and called themselves Christians. We are speaking now of Jesus of Nazareth in his own personality, and of His teachings in their pure and sincere form as He uttered them.

He is referred to as the Prince of Peace, and in spite of all the wars and rumors of wars that have cursed mankind and are still cursing them, the teachings of the New Testament have in the first place made wars far less frequent than they were with out these teachings, and have in a very marked degree ameliorated the horrors of war. It is going a step too far to say that, followed out perfectly to their legitimate ends, the teachings of this prophet of old would lead to the final and permanent establishment of peace throughout the world? Another influence of inestimable value to mankind exercised by the teachings of the New Testament is the uplifting of woman to a higher plane in society than she has ever reached under any other system of religion or philosophy. Under Christianity woman has ceased to be a chattel as she is held among all barbarous people, and also to be a mere luxurious toy, as she has been among many people of higher refinement but without the light of real Christian morality. Not only have the common people of the male gender secured rights through the preaching of the brotherhood of man coming through the Fatherhood of God, through the Elder Brother, Jesus of Nazareth, but woman has obtained far greater privileges and reached a higher plane in the social system than the stronger vessel.

A third influence as important as both the others, exercised by the teachings of the "Man of Sorrow," in the regard in which childhood is held among Christian people. Today we celebrate the birth of the Christ, and today above all similar anniversaries is pre-eminently the children's day. There are no stagnant pools in any Christian country where a sign stands with the legend: "Female infants may not be drowned here." Infants exposed in the loneliest practised where Christianity sheds the mild light of its beneficent influence.

To sum up briefly, the world owes to the teachings of Jesus of Nazareth every orphan asylum, every hospital, every asylum for the care of the destitute, the aged, the decrepit, the sick, wounded and infirmed whose founders stand above the foundations of the world today. So, however we may differ in our formulated creeds, we can all lift eyes wide open with intelligence to the heavens today and with full hearts exclaim: "Hail to the Lord's anointed!" and as we meet one another upon the street we can gladly give forth the blessed salutation: "Merry Christmas!"

## FEDERAL EIGHT HOUR LAW.

The Federal eight hour law of 1892 was intended by its framers to apply to all work for the United States, whether done through contractors or subcontractors, whether the work was performed on property owned by the United States or not; but the interpretation of the statute made by the Department of Justice placed a different construction upon it. The Attorney-General held that it applied only to that part of the public work which was performed on property of the United States.

The new eight hour law, now pending in the House of Representatives, makes the eight hour day apply to all classes of work for the United States, whether performed upon the property of the United States or otherwise, and to all contracts made by the United States, the Territories and the District of Columbia. But this is accompanied by the important exception that the law shall not apply to contracts for transportation by land or water, and the transmission of intelligence, and to those things that can usually be bought in the open market. This last exception is made because, in the purchase of supplies in the open market, it would be impossible to follow the articles back to the sources of their production and ascertain whether their makers worked eight hours or ten or twelve. In buying grain and hay for instance, how could anybody tell whether the farmer who produced them had completed eight or ten hour labor in their production? In buying flour how could the United States ascertain whether the hands employed by the miller worked eight or a greater number of hours?

The law would apply to all articles made for the government by contract. Ships built for the government, armor and armor plate made by contract would not be excepted, unless the workmen employed in their making worked but eight hours. In the administration of the new law there would be little difficulty, for no contractor would take the chance of having his work rejected for non-compliance with it, and he would take the restrictions of the law under consideration in making his bids.

In the debate upon the new eight hour

## Put to Rout!

law Mr. Wilson, of Pennsylvania, expressed forcibly and tersely the principle of industrial freedom. He said, "Under our existing form of government so long as the right of private property is recognized the question of the terms of employment between the owner of that private property on which the labor is performed and those who are performing the labor must be left to the owner of the property and the employees seeking the employment."

## THE CONFISCATION PROGRAMME.

The snake of anarchistic socialism was "scotched" in Los Angeles by the defeat of Harriman. But he was not killed. He is hissing and spitting venom in the columns of the Appeal to Treason. The snake denies that it believes in getting rid of profit-takers by killing them. All that it proposes is to "divest" them of the tools of production and distribution. That is to take away the land, the buildings and the machinery from those who own them and bestow them upon the "co-operative commonwealth," giving the plundered ones the right to "go to work and earn an honest living."

Why do these Socialist reformers not try their beneficent reforms upon their own ovens? The Socialist Appeal to Treason is orange or "snitch" the \$50,000 "and up" which Attorney Darrow received in fees from the labor unions, and start a co-operative commonwealth? The Appeal to Treason proposes to tie the warships up to the wharves, relieve the soldiers of their guns, and march sailors and soldiers into the 7,000,000 acres of swamp lands belonging to the government and set them to work reclaiming them. The land, when redeemed, to be used for the employment of "I-Won't-Workers." The scheme is a grand one, worthy of the intellect of the editor of the Appeal to Treason. In our mind's eye we can see 60,476 soldiers and 32,076 lack tars marching enthusiastically into the swamps, the generals and colonels carrying picks, and the admirals and commodores shouldering spades, with the bands playing "Johnny Comes Marching Home."

The Appeal to Treason sneers at the confining McNamara because they are Catholics. If they had believed in the creed of the Socialist Appeal to Treason that God is a fiction, that Christ never existed, and that death ends all, there might have been no confessions. The Appeal is "loath to believe" that "the McNamaras were either willing or unwilling agents of the masters' work in this class war from the first. But if anyone can supply information of a convincing nature, the Appeal would be pleased to receive it."

As a name of names the Appeal to Treason has no rivals. It designates Roosevelt and Burns as "two hunters of monkeys and wild beasts." It calls the McNamaras "the scoundrel workmen" and "can see the cold and cruel tiger-eyes of Roosevelt light up as with beastly chuckle he gave to the public press his message of congratulation to another equally merciless and cold-blooded upon having been the means of pronouncing the doom of the McNamaras. It calls Roosevelt "a dressed-up jungle man," who "distorts his flinty features into hideous grimaces." It says, "As between the McNamaras and all they are charged with, and may be guilty of, we would rather be in their places than to be in the place of Theodore Roosevelt."

## UNCLE WALT.

The Poet Philosopher.

At Christmas, when all hearts are mellow, and joyous seems this mortal life, how sad and lonely is the fellow who has no family or wife! For him no big Yule log is burning, his floor is not strewn with toys, and he is filled with mighty yearning for love and home and Christmas joys. No little girls, no boyish friskers are shouting round him in their glee; he has no chance to sing his whippers while fussing with the Christmas tree. He cannot help, he cannot hinder the gladness of the Christmas throng; he gazes sadly from his window, and says: "I surely don't belong! To a glad home I might have carried a Christmas tree, like other men, had I in olden days married the damsel who loved me then! Alas, why did I pause and falter why did I stall and stand aside? I should have chased her to the altar, and claimed her for my blushing bride!" How many old boys, tired and lonely, are sighing while the joy bells dance. "Jehoo-paw! If I had only got married when I had the chance!"

## CHRISTMAS IN OTHER CLIMES.

BY ALMA WHITAKER.

Since I was 6 years old I have spent every succeeding Christmas in a different part of the world. Several Christmases have been passed on the sea—one of the most exciting being that on which we actually crossed the equator on Christmas day.

"Crossing the line" is always a bit of a scorcher and wary old travelers generally arrange to spend that day in a cold bath. Although I was only 9 years old at the time I knew enough to capture a bathroom directly I woke up that morning, and to graciously admit my young brother, age 5, into my plans. We bolted ourselves in, filled the bath to the brim with sea-water, and camped out for the day, with a huge plateful of every kind of eatable we could coax out of the cook within easy reach.

There were about 500 passengers on board, 150 of them in our class, all of whom had decided upon a cold bath. So after ten minutes or so voices began asking in sugared tones when we should be finished. We preserved a dignified silence.

An hour later our parents were demanding our immediate surrender. And after after that they were trying to fish us out through the porthole. By midday all our eatables had disappeared and we began to feel distinctly peckish and a bit tired of the bath. But with the promise of a fearful and public retribution awaiting us we feared to make a sortie. Soon my young brother began to cry hopelessly. All was silent without—the poor things were too dreadfully hot to talk—and I finally, wa-sinking heart, slipped back the bolts.

My father's eye met mine. He had fixed his deck chair in the comparatively cool ganeway—and his glance was calm and terrible.

After that the details are too painful to recapitulate.

Another hot Christmas was spent in Kimberley, South Africa, when we had ten small black boys to fan the flies away throughout the dinner. There were no wire screens in those days.

I was about 10 then, and allowed to come in to dessert. As guests on that occasion, I well remember, included Dr. Jameson, who organized the famous "raid" eight years later. Capt. Willoughby was another, also a prime mover in the raid, and Mr. Alfred Milner, who afterward became Sir Alfred, and is now Lord Alfred Milner, High Commissioner of South Africa. Patrick Campbell, husband of the famous actress, was also among our guests, and was to my mind the nicest of them all. I had eighteen dolls that Christmas, and those men brought me a doll—but Mr. Patrick Campbell was the only one who slipped away from the other guests afterward and played dolls with me for several hours in a quiet corner of my nursery.

One Christmas we spent in Mafeking, Bechuanaland, which was a little handful of corrugated iron buildings in those days. My father and Patrick Campbell vowed that they would buy presents of some kind, so we all visited the local store and bought one of everything they had in stock and presented them with great ceremony to my mother. A tin of blacking, an ounce of pepper and some soft soap played a prominent part in the gift.

The next year we were living in tents out on a wild part of the veldt, and Lord Randolph Churchill's party, on big-game hunting bent, arrived at our domain on Christmas eve. That was a glorious Christmas. The men went off and shot some young springboks, (something like a miniature deer), and my mother put forth her best powers. Our oven was a huge antelope with the interior scooped out. The method is to light a fire inside and let it get red hot. Then rake out the ashes and put in your meat and pies, closing the entrance with an elaborate arrangement of straw and stones. It works on the same cooler principle. At a supper, at all events it was a brilliant success and that dinner will live in all our memories. Afterward we spread the tiger skins out in the moonlight and sang old English songs and told tales.

The next Christmas I spent in a French convent. The new arrival given a week in which to acquire the knowledge of the elementary words in French, and after that you have to put cing centimes in the post-box every time you speak your own language! There was plenty of time to get used to the well-kept nation, and on holidays like Christmas we were allowed to speak in our own tongue. Talk about the Tower of Babel!

On Christmas eve I had service in the chapel at midnight. The altar was arranged to exactly represent a stable, with a wax figure of the infant in the manger. Lifelike statues of St. Mary and St. Joseph were sitting near the three wise men and the star of Bethlehem appeared in the doorway, and three angels hovered overhead.

We all knelt in absolute silence until the clock chimed midnight, and then a choir of the nuns' voices burst forth in a wonderful "Gloria in Excelsis." One of the most emotional moments of my life.

But perhaps the most fascinating Christmas of all was that spent with some relatives at an old English manor house in Sussex. That seemed to be the ideal, the natural setting.

Most of us went down from London on Christmas eve, with a snowstorm in full blast, all loaded with parcels of things that only London could provide, all coiled up in furs, with our feet snugged up to a foot warmer for which the guard of the train had been bribed. The house was two miles from the station and the vehicles sent to meet us would only accommodate half our number, so the healthiest and cheekiest had to walk. Such a merry scramble through the snow, and the loveliest hot chicken broth awaiting us in an old-fashioned, low-ceilinged kitchen with a red-brick floor and lines and lines of shining copper utensils.

Early cups of tea in bed next morning, brought in by rosy-cheeked Abigails. A riotously happy breakfast when everybody opened their letters and packages. The visit to the dogs and the stables afterward, and a merry skating party down on the frozen pond at 4 p.m. A wild scramble for hot "plum-cakes" in the kitchen as cook released them from the oven about 1 p.m.

And then the dinner. The table stretched to its utmost proportions to accommodate the enlarged family. The giant turkey at one end and the great round of beef at the other. Oh, the stuffing in that turkey! Redolent of all the old appetizing English herbs. And the treasures from the cellar—all the special vintage saved for this occasion.

The immense pudding, brought in all ablaze with a sprig of holly in the top, for which none of us had any room left. But no one could be such a curmudgeon as to rise from a Christmas dinner without having partaken of Christmas pudding.

And then the merry dance in the evening in which the servants are included as a matter of course. The chateaus dances with the butler and the master with the cook to open the ball.

If there were no calendars, we would have no Christmas week by the Harris & Frank's annual revival of "The Toy Maker."

Tomorrow's performance, I am told, will mark Mr. Hartman's one thousandth appearance in the classic role of Johannes Guggenheimer, and of all those who are still interpreting the role, I doubt if there is one who gives so human, genuine and sympathetic a performance as he.

Myrtle Dingwall is a most adorable doll in this production.

Joseph Fogarty is also a veteran in his role, and is as valiant and energetic as ever.

The rest of the company and the mechanical toys add much to the pretty confusion and the Yuletide air.

The orchestra, under Buchner, gave an exceptionally good rendition of the music yesterday.

Clyde Fitch's farce, "The Blue House," opened for a second week at the Burbank yesterday.

A special Christmas matinee performance will be given at the Burbank Theatre this afternoon.

Commencing with the special Christmas matinee this afternoon the Lyceum Theatre Company will present for the first time in the West, James Montgomery's, "The Aviator." This is one of the most novel comedies that has been written, for its presentation requires a real airship, of the monoplane type, and many new scenic effects.

Robert Hilliard will begin a week's engagement at the Mason at the matinee performance this afternoon in "A Fool There Was," based on Rudyard Kipling's famous poem, "The Vampire."

The second week of Rose Melville and her company in "Sis Hopkins" opened at the Lyceum yesterday, with two packed houses greeting the popular star, and indications for crowded houses all week. Miss Melville, in this her farewell tour, has one of the best companies yet seen in this comedy classic and has interpolated a lot of specialities which are a real treat. A special holiday matinee is announced for today.

The Orpheum's Christmas week bill opens with the matinee today and is headed by the Six Diamonds, a very remarkable aggregation of athletes from abroad. James Diamond and Clara Nelson, recent musical comedy stars, will be featured in a little skit called "Something New" embracing many of the latest metropolitan song hits and stunts in dancing. Brown, Harris and Brown have a bit of a musical "fun" which they call "Just to Laugh." That's all. And in which the fine voice and gowns of Miss Harris are offset by the fun of the two Browns. Hinton & Wootton introduce a new play, "Football on Bicycles." They play regular match games, with Mayel Wootton as referee. Ed. P. Raynard, with his ventriloquist sketch, "A Mornin' in Hicksville," Pat Rooney and Marion Bent, Marie King and her company, and Lynch & Zeller complete the bill. The music will include the Haydn "Toy Symphony," specially written for the occasion, with the music of all sorts of toys.

New films for Christmas week at the Kinemacolor Theatre, No. 833 South Broadway, are especially fine and the week beginning this afternoon promises to be particularly good at this exclusive process house. Leading subjects include a showing of the "Land of Mahomet," a series of very colorful pictures; views of motor boat and Oxford-Cambridge championship rowing races, Highland drama, "Little Daughter's Letter," scenes along the beautiful Mediterranean Sea, and a travel film showing

# SANITARY CARE IS MAIN THING.

## SO SAY MILK PRODUCERS IN ANSWER TO CRITICS.

Tuberculin Test Considered Unsatisfactory and Unnecessary by Members of Association, Who Are Ready to Back Movement that May Provide Purer Product.

Strict inspection of dairies and sanitary care and cleanliness of cows and dairy plants is advocated by the Milk Producers' Association of Southern California rather than the tuberculin test urged by the Certified Milk Commission.

Members of the association in a statement yesterday, in answer to one made the day before by the commission, asserted that they stand for all logical progressive methods and are ready to back any movement that will produce purer milk.

The following is the statement of the board of directors of the association:

(1.) We do not want to keep diseased cows in our herds, whether they have tuberculosis or any other infectious disease. We do not ask for segregation, and we are perfectly willing to do away with all tuberculous cows. This statement is authoritative and is even in advance of the stand of the Board of Health.

(2.) The danger of human beings contracting consumption from cows is hardly possible, except when tuberculous in a cow has reached such an advanced state that it begins to affect the udder. The report of the special committee in the District of Columbia, 1911, states that "the only instance generally speaking, where tuberculous has not been efficient are when the disease is in an advanced state, or when by reason of the application of the tuberculin test shortly before this state, the animal fails to react." In other words, when this much-valued tuberculin test is most necessary it will frequently fail. We will add for the benefit of those who like Federal government authority the following from the Year Book, United States Department of Agriculture: "The failure of cattle to react to the tuberculin test is usually observed in advanced cases of the disease."

(3.) A scientific physical examination of a cow by a competent veterinarian will discover all dangerously diseased cows. (Note: This is the opinion, but a fact, and as officially stated by the Illinois State Board of Health and others who tried tuberculin and have discarded it.)

(4.) The confiding mother may give "tuberculin tested" nourishment to her children unconscious that it may contain the germs of tuberculosis or other dangerous disease.

(5.) The tuberculin ordinance does not give protection to the public health because it allows milk to be sold in Los Angeles from proven tuberculous cows, if pasteurized, and because a dairymen, if he so wished, might sell milk from a cow that he knew to be in an advanced stage of consumption, but which had failed to react to the test—a very possible happening as has been shown above. In this case the framers of the tuberculin ordinance could say nothing but "so ahead, my friend; you have complied with the law."

(6.) If you want pure milk insist upon the carrying out of our platform—rigid and strict inspection of dairies by skilled experts, absolute cleanliness and sanitary care of cattle. We are the producers, we know what we are talking about, and we are just as much interested in this matter as you.

(7.) As soon as this ordinance is passed the statutes we are willing to meet the Board of Health and the Certified Milk Commission and all others who are really interested in the betterment of conditions. Then we will frame an ordinance that will give the babies of our city pure milk and not an article merely labelled as such.

## HEBREW CHRISTMAS CHURCH.

Movement to Carry Gospel of Christ to the Jewish People Meets Favor in Meeting Yesterday.

Donations toward the erection of a Hebrew Christian church in New York were given at a meeting yesterday afternoon in Temple Auditorium, following an address by Joseph Cohn, son of Leopold Cohn, formerly a rabbi in the Jewish church in Austria-Hungary, who renounced his faith in the Talmud to come to America and preach Christianity among the Jews of New York.

"God bless America for the stand she took in regard to the persecution of the Jews in Russia," said the speaker, who was introduced by Rev. A. B. Fitchard. The treaty of 1832 was not abrogated any too soon. It is astounding to think of the atrocities that have been committed against the Jews in Russia and other countries in this twentieth century.

The speaker said that most Jews imagine that they are hated by the Gentiles. He spoke of the Spanish Inquisition when 120,000 Jews were slain by Spaniards who called them "infidels." He told of many other instances in history wherein the Jewish race has been persecuted.

"It is a wonder," he added, "that the Jew, who has no idea of the true meaning of Christianity, should harbor a feeling of animosity toward the Gentiles."

Cohn said that one reason for the admitted lethargy of the Christian church of today is that there are so few Jews affiliated with the work of the Christian religion and he appealed to the church to do more missionary work among the Jewish people.

## MOTHER'S SEVERE FRIGHT.

Child Wanders Away from Home and Fears of Kidnaping Cause Appeal to Police for Aid.

Mrs. Lena McKay was a relieved and thankful mother when she tucked her two little babies into bed last night at her home, No. 1522 West Fifth street, Glendale. She knew they were safe and sound and within her keeping when she kissed them good-night. The day before she had been given a severe fright. Mitchell, her 2½-year-old, hazel-eyed son, disappeared.

"A neighborhood was searched but the little chap could not be found. The detective department of the police force was notified. Mrs. McKay said she was afraid her husband had kidnapped the boy."

But Mitchell had not been kidnapped. He had simply wandered away from home as fast as his little legs could carry him. To Trojico, two miles away. When Mitchell got there he was tired; he was hungry; too, and he began to cry. A man in an auto saw the baby boy in his distress, picked him up, learned where he lived, and brought him home.

## PASTOR RUSSELL'S SERMON.

(Continued from Third Page.)

wondered whether or not the universe could thus pass from the control of the almighty Creator. Undoubtedly they were aware of the divine intimation of a better day, as superimposed in the promise that the seed of the woman should ultimately bruise the serpent's head; but this had gone from bad to worse, since that glorious promise was made, and divine power seemed less able than ever to grapple with the powers of darkness. How they must have wondered at this! GOD'S OATH-BOUND PROMISE.

Undoubtedly the angels had heard of the divine promise made to Abraham, and buttressed with the divine oath, that by these two immutable assurances—God's word and His oath—the blessing promised might be confidently expected. And that promise was twofold: (1.) That all the families of the earth should eventually be blessed, and (2.) that this blessing should come to them through Abraham's posterity or seed. We can well imagine how this joyful news would spread amongst the heavenly hosts. "A better day is coming; the reign of sin and death in the world is to be stopped! The blessing of the Lord is to reach the fallen race and put an end to ignorance, superstition, blindness, sin, dying, crying and pain!" "Ah! they must have said, 'Finally, God is about to take action and to demonstrate His great power. We felt sure all along that He possessed this power; and yet, how strange to us that He did not exercise it sooner!'"

But these rejoicing angels must have realized that the fulfillment of the promise was far from certain. After long years of waiting, Ishmael was born, but seemed a very insignificant being—scarcely a fulfillment of the promise. Long years later came Isaac, who, by the grace of God, seemed to point to the fulfillment of the promise. But he accomplished nothing wonderful and died, transmitting the glorious promise and hope to Jacob. More long years passed and Jacob did not fulfill the promise, but left it to his family as a whole—a rather unpromising family as respected the blessing of mankind. Then the nation of Israel, so far from blessing other nations, went into bondage to the Egyptians; and all of God's promises seemed to have failed.

THE TESTING OF THE ANGELS. Ah! what a testing He gave the loyal angels! How their faith in wisdom and power divine must have been tried! Finally, under Moses, the divinely appointed leader, the nation of Israel suddenly emerged from slavery, and, under divine favor, the Mt. Sinai and there entered into Covenant-relationship with God, as the seed of Abraham, the heirs of the original promise of blessing the world. Now matters began to look toward a fulfillment of the glorious promise.

In Abraham and his seed all the families of the earth would be blessed; notwithstanding the fact that Abraham was dead.

The trying experience of the wilderness must have been disappointing, not only to the Israelites, but also to the interested angels beyond the veil, who, St. Peter tells us, earnestly desired to look into the things which they knew nothing. Then came further failures. Babylonian captivities—all wasting discouragements.

Meantime the discouraged Israelites found that they themselves were not receiving the blessing that they had hoped for under the Law Covenant. The Law had said that whoever would act in harmony with the commandments would have life; but they were dying. The reason to them was their own weakness, their inability to keep the law—the glorious Law of God, which the measure of a perfect man's ability—"Thou shalt love the Lord thy God with all thy heart, mind, soul and strength, and thy neighbor as thyself." As St. Paul declares, they could keep this law only with their minds—they could will to keep it, but to perform all their good will in this respect was impossible, because of the weakness of their flesh.

More, noble and loyal of them, realizing their own weakness, cried out to God for help, who, in His mercy, sent His Son, Jesus Christ, to die for them, to take away their sins, and to give them the measure of a perfect man's ability—"Thou shalt love the Lord thy God with all thy heart, mind, soul and strength, and thy neighbor as thyself." As St. Paul declares, they could keep this law only with their minds—they could will to keep it, but to perform all their good will in this respect was impossible, because of the weakness of their flesh.

THE ANGELS. The angels who announced the birth of Jesus well knew His rank and relationship to the Father; that He had left the glory of His heavenly station to become through His mother a member of Adam's race, and that He was, therefore, a suitable one to be the Redeemer or Ransom of the race. The angels realized that in this Savior lay all the hope of Abraham and his seed and of all the families of the earth. If they had waited long and had been often disappointed they realized that at last they were in the midst of wonderful events.

"Unto us a child is born, unto us a Son is given, and the government shall be upon his shoulders." No wonder they sang, "Glory to God in the highest!" To them our Savior's birth must have meant, "Now God's glorious character, in which we have always had faith, is about to be vindicated; and this great event, the birth of Jesus, marks the beginning of the fulfillment of God's gracious promise which He bound with His oath, and which all along, therefore, we knew could not fail nor be set aside." But they sang more—"Peace on earth, good will toward men."

Their eyes of faith looked down into the manger, and, though not understanding how it would be accomplished, they had unwavering confidence in God that eventually the "serpent" of sin would be crushed, and Adam and his race released from the bondage of sin and death; and they perceived that somehow all this was associated with the birth of the Babe of Bethlehem. We can imagine with what interest they told the "good tidings of great joy for all people" and sang "Glory to God!"

POLICE CHIEF PRAISES. Lauds Men for Splendid Efficiency of the Year and Extends Yuletide Greetings and Best Wishes.

Chief of Police Sebastian yesterday caused to be posted the following expression of appreciation for the personal edification of every member of the Los Angeles police department: "A Word of Appreciation—The season of the year, when felicitations are in order and proper, is at hand, and affords me great pleasure to grasp it as an opportunity to extend thanks to every member of the Los Angeles Police Department for the splendid, unexcelled service you have given the city of Los Angeles in the year of 1911. That this service is appreciated by the Mayor and the Police Commissioners goes without saying."

It suffices when it is stated that Mayor Alexander and Commissioners Wellborn and Akey congratulate you for your most efficient, loyal work in elevating this branch of the municipal government to the high standard it has attained. **TWO OTHER PLEAS OF GUILTY.**  
**Visalia Officers Are Exercising**  
**Great Diligence in Enforcing the**  
**Liquor Laws—News in Brief.**  
VISALIA, Dec. 24.—Two more  
pleas of guilty, followed by \$100 fines,  
were added to the trophies of the local  
officers, who are waging a crusade  
against illicit liquor selling. L. E.  
Henry and Lee Bowlin, who had been  
fined a few days previous for the  
same offense, pled guilty to another  
charge and received, besides the fines,  
suspended sentences. Both left the  
city following their release.  
An effort is being made by a local  
society to start a recall petition, on  
the grounds that the present admin-  
istration is not carrying out the peo-  
ple's wishes with respect to the liquor  
question. It is alleged in the peti-  
tion that at an election several  
months ago the people voted for a  
"wet" town, and that the trustees  
are maintaining a dry policy in spite  
of this.

**NEWS BRIEFS.**  
Claiming he engaged to buy  
several head of cattle on the install-  
ment plan and then placed several  
mortgages on the stock, the Tuare  
Co-operative Creamery has sworn out  
a complaint against W. H. Lindreth.  
Lindreth is said to be in hiding. His  
wife left yesterday morning for Los  
Angeles, where she says she expects  
to find him.  
Nine families have arrived in Tu-  
lare from the East during the past  
two days. The total of the new pop-  
ulation is over thirty. All are expect-  
ing to invest in land in the Tulare  
section and will probably engage in  
dairying.

**MUSIC AND DRAMA.**

(Continued From Fifth Page.)

ing Cornwall, England, South Wales  
and Carmarthen, where the young  
price of a lecture was invested with  
his title. A lecturer will explain each  
one and there will be suitable music.  
Beginning with the holiday mat-  
inee today and three shows tonight,  
Sullivan and Connors will offer a  
new bill at the Empress. Many of  
the local vaudeville lovers will recall  
that travesty classic, "Quo Vadis,  
Upeide Down" and this act, presented  
by the original Warren and Seymour  
Company will be the first feature.  
A feature of the new bill that will  
undoubtedly find much favor with local  
audiences is the Le Basque Quart-  
ette, an organization of grand opera  
artists who will be heard in a series  
of excerpts.  
The Three Bannans combine skill  
in manipulating the Indian clubs with  
much good clean comedy, while the  
Falcones have much in the acrobatic  
fun-making order to offer. Dunbar  
and Turner with their clever songs,  
dances and patter talk, and Tom  
Smith, the dancing daffodil, will con-  
tribute their share to the fun of the  
new bill, while the new comedy mo-  
tion pictures should add many more  
laughs.

**For Their New Year offering** the  
Pantages management present a list  
of novelties headed by "Mlle. Paler-  
ma and M. Chelaflo and their com-  
pany of magicians. Mlle. Palerma  
is the first woman since Mme. Her-  
mann to attain prominence as a magi-  
cian, and M. Chelaflo and his com-  
pany are reputed to be the most  
startling prestidigitators and illusion-  
ists ever brought to us on the vaude-  
ville stage. Their apparent dis-  
appearance of the human laws of the  
world is one of their critics: "What  
you know can't happen does happen,  
and though you can't believe it you  
see it."  
Swan and Bamard in a military  
burlesque, "The Raw Recruit," prom-  
ise plenty of good laughs; Harry Jen-  
kins and Grace Cover, are to be  
seen as "The Newly-weds" in a farce  
with realistic features appealing to  
every married pair; the Diamond  
Four, male vocalists, giving "Fun in  
a School-room," and Sandra Broth-  
ers, Swedish acrobats, in novel gym-  
nastics, complete the bill.

**"Teddy" Roosevelt** will take his  
place among the scores of Santa Claus  
who are to preside today at the three  
Christmas trees erected in Luna Park  
and no doubt will be the most unique  
of all impersonations of good St. Nick.  
This particular "Santa Claus" will  
officially at his own particular ter-  
race where he will distribute gifts  
to Luna Park's juvenile patrons and  
hold a daylong reception for the lit-  
tle folk.  
Presents have been provided by  
General Manager Snow for 10,000  
children. The big trees were hung  
with the last night and a dozen  
boxes filled with confectionery drawn  
up within easy reach of the main  
gates that the small visitors may be  
supplied with sweets upon their en-  
trance. Also there will be free rides  
for the boys and girls, the conces-  
sioners having joined with the man-  
agement to make the children's  
Christmas in the park memorable.  
Today will inaugurate a Yuletide  
festival at Luna Park which is to be  
continued until after New Year's Day.  
Special vaudeville attractions for ad-  
ults and spectacles for the young-  
sters have been provided and may be  
witnessed at the price of nothing to  
pay in the inclosed pavilion.  
Richard Walton Tully's Hawaiian  
drama "The Bird of Paradise," which  
achieved such a pronounced success

when it was first given at the Belasco  
Theater some weeks ago, will receive  
its first eastern production this after-  
noon at the Shubert Theater, Roches-  
ter, N. Y., where it will be tried out  
and where the finishing touches will  
be given. It before it is moved to  
a Broadway theater.

**KILLED ON TRACK.**

While walking on the private right  
of way at Fortieth street and Long  
Beach avenue, last night, a rough-  
dressed man whose identity is not  
ascertained, was struck by an out-  
going trolley, and received injuries  
which caused his death at the  
Emergency and General Hospital a  
few minutes later. From general ap-  
pearance it is believed that he was a  
laborer probably employed by one of  
the local railroads. Upon being found  
lying near the track, the injured man  
was placed aboard an incoming car  
and brought to the hospital, but too  
late to save his life, as the base of  
the skull was crushed by the blow.  
The body was sent to Pierce Brothers  
undertaking rooms to await the action  
of the coroner.

**ACCUMULATION OF WEALTH.**

**Amazing Increase from the Invest-**  
**ment of a Single Cent at the Proper**  
**Time.**  
[The Strand.] Wagner and Sufan,  
the German statisticians, estimated in  
the year 1891 the population of the  
world at 1480 million persons. More  
than one-half of this estimated num-  
ber was based upon the results of ac-  
tual censuses, and the remainder  
was carefully estimated. We shall  
probably not be far away from the  
truth, if we say that there are now  
(in A. D. 1911) 1800 million persons  
on the earth.

If in Anno Domini 1 a man had  
then desired to be hailed in a later  
century Universal Benefactor of the  
world, he could have achieved his de-  
sire by then investing the equivalent  
of a modern American cent at 5 per  
centum compound interest per annum,  
the interest to accumulate year by  
year for the benefit of future genera-  
tions.  
At the end of the first century of  
investment—namely, in A. D. 100—  
the original cent would have grown to  
\$1.21. At the end of 1910 years  
after Anno Domini 1—namely, at the  
end of the year 1910 (last year)—  
the original cent would have grown to  
the stupendous value of \$236,180,000,  
000,000,000,000,000,000,000,000,  
(\$23,618 followed by thirty-four 8's).  
This accumulation resulting in A.  
D. 1910 from the original investment  
of 1 cent in Anno Domini 1 is so vast  
that no brain can realize what is the  
meaning of the enormous quantity of  
dollars just stated. We are wholly  
unable to realize the stupendous gold-  
en growth of this original cent unless  
we press into our service various al-  
lusive comparisons, such as those  
those I have dreamed and here illus-  
trated.

Imagine the earth transformed into  
a huge slab one mile thick, float-  
ing in space. Let every man, woman  
and child now living in the world—  
approximately 1800 million persons—  
continuously discharge a quick-firing  
gun loaded with American gold  
c Eagles in place of bullets for one  
thousand years. Each gun fires into  
space one thousand gold eagles per  
minute, which drop over the edges  
of the earth.  
The result is that at the end of one  
thousand years' continuous dis-  
charge of gold eagles from 1800 mil-  
lions of quick-firing guns at the rate  
of one thousand gold eagles per min-  
ute from each gun, only an infinites-  
imal fraction of the money would have  
been drawn upon being the \$23,618  
followed by thirty-four 8's this  
amount being the accumulated result  
of 1 cent invested in Anno Domini 1  
at 5 per centum compound interest  
until the end of the year 1910.

## Motorcycle Races.

## RODGERS FAILS TO FLY AS WINDS ARE TREACHEROUS.

BY BERT C. SMITH.

CAL P. RODGERS, famous coast-to-coast airplane driver, failed to get into the air at Asot Park yesterday afternoon. A treacherous wind, which blew across the track and whirled clouds of dust into the air, made flying extremely hazardous. Rodgers took his biplane into the infield in the hope that the wind would die down, but the gale continued.

Jake De Roster, who was matched to race Rodgers, had tuned his motorcycle to a fifty-second clip. He went out in an exhibition mile in an effort to break the track record established last Sunday by Morton Graves. The wind on the back stretch proved too much for De Roster. He turned the mile, however, in 53.1-54, which, considering the weather, was remarkably fast time.

The motorcycleists were sent out in a series of races yesterday, which were not exciting. In the first event, a five-mile race, G. F. Jakob, an amateur, fought a fierce duel with George Sawaya, the two riding into the turns wheel to wheel early in the race, but could not shake Sawaya off. The plucky lad hung to the leader, and the two boys whirled the last turn of the fifth lap with less than a wheel's length between them. They hummed down the stretch together, with Jakob just notched out Sawaya, who was a good second. The time of 4m. 57s. was good for an amateur event.

In the eight-mile event for trade riders, Jakob took the lead early in the race, and looked like a winner. On the first turn of the third lap, Jakob's machine skidded. He had a hard fight to keep the motorcycle on the track, and the young lad lost his nerve. He slowed down and Dave Kinney took the lead. Kinney waited for Jakob on the last lap, and the two came down the stretch together. Kinney almost made a mistake, however, as Jakob made him ride like a band to win. Kinney crossed the

being homesick; on the contrary, there's something wrong with a boy who never is.

Some of the greatest soldiers in the world had suffered horribly in this regard.

Carl Morris will meet Tom Kennedy, the ex-amateur heavyweight, in a ten-round bout at the Empire A.C. on December 27.

Hugo Kelly, who claims the middleweight championship, has been matched to box E. McGearty at Ford Lac during the Christmas holidays.

Al Lippe is going to take Bill Papke to Europe with him, sailing on December 28.

Packard McFarland will pick up some easy money in New York on December 29, when he boxes Young Hickey.

The disarming battle royals have been ordered discontinued by the New York Boxing Commission.

Jack O'Brien trying to get Mike Gibbons of St. Louis to box Young Ernie at the American Club.

CLAN CAMERONS WIN AT SOCCER FOOTBALL.

The Clan Cameron team administered another defeat to the Hibernians yesterday in a fast and snappy soccer football contest played at Praeger Park, the score being 3 to 1.

The day was a bad one for football on account of the high wind, which prevented any kind of real football. The Camerons had the wind at their backs in the first half and this advantage aided them materially.

J. Burleigh made an easy goal for the Camerons in the first half and at half-time the score was 1 to 0. However, Stevenson equalized the score in the second half by making a goal, but after this the Camerons forged ahead and made two more goals.

Moorish of the Hibernians was put off the field in the second period for using improper language. Haggerty made the two final goals for the Camerons.

## HONOR TO CRICKET STAR.

(Continued from First Page.)

H. Cole, Jim Parker, H. A. Cole, Lee Stephens, J. A. Talbot, S. M. Berry, R. E. Carter, R. E. Carter, (just returned from a flying trip to Europe), G. H. Kohler, A. T. Jergens, J. L. Boyle and Mr. Harpman, whose helmet is the envy of all who behold. Also A. S. Scales.

CAN HE COME BACK.

Now as to Mr. Scales, much is hoped of him. Formerly a plus three man, the cares of high finance weaned him from paying proper attention to golf for some years. Now he returns to the game. Can he come back? The San Gabriel team sorely needs a few plus men, and the club watches his gradually returning game, with all the grace of style and accuracy of placement that that entails, with anxious eyes. I won't make a pun about Scales being weighed in the balance but you must admit I fear.

In the afternoon foursomes held the field, the first prize going to George Cline, who has deserted Annandale for a time, and Mr. Harpman, (in helmet). Their net score was 75 and included four 3's, which is not exactly usual in foursome play. Their handicap was nine strokes.

The second prize went to the invigorating Mr. Scales and his partner, Edmund H. Parker, with 90-14-76.

Today there will be handicap match play against Bogey in the morning and a putting contest on the clock green in the afternoon.

Los Angeles Country Club.

Considering what harassed husbands so many of the golfers of these days, the links made quite a presentable showing on Saturday and Sunday. At the Los Angeles Country Club, an 18-hole match play competition against Bogey, as well as the semi-finals for the directors' cup, was completed.

In the sweepstakes, L. T. Bradford and J. F. Burkhardt tied for first place, with 18 holes each. Bogey, with Mr. Bradford moral winner owing to a mere 2-stroke handicap against Mr. Burkhardt's twelve. But at one work it out morally, Judge Frederickson is really entitled to the honors for his gross score was 1 up, race the championed by J. W. Wilson was also playing well, finishing but 1 down.

W. R. Leeds and F. D. Hudson were long handicap men who made a good showing, each with a net 5 down, whilst such illustrious lights as Norman Macchabe and F. H. Edwards were—well not even 5 down. Other participants in the game were George H. Schneider, S. F. Hunter, Godfrey Holterhof, Jr., J. D. Sale, S. S. Parsons and R. J. Cash, Jr.

DIRECTORS' CUP PLAY.

In the semi-finals for the directors' cup, George H. Schneider wins from Dr. Frost by default—the doctor doubtless thought it would save time and unnecessary fuss. In his match against Dr. Frost, the doctor won by 7 and 6, and the following cards tell the story:

Philips, out—5 4 6 6 6 7 5 5.  
Walton, home—5 4 6 6 6 7 5 5.  
Philips, home—5 4 6 6 6 7 5 5.  
Walton, home—5 4 6 6 6 7 5 5.

Always bearing in mind that Mr. Philips had the advantage of starting 3 up on his handicap. He will now meet George H. Schneider, whose fate it is to meet long handicap men in the finals for this cup.

The program for today consists of 18-hole match play against Bogey, both morning and afternoon contests, and a 36-hole choice score in the evening.

Miss Grace Melius and her radiant personality simply dominated the Country Club on Saturday, when she herself entertained a large party of friends in the afternoon, for the purpose of introducing her fiancé to an admiring circle, and in the evening when she was the guest of honor at Mr. and Mrs. Walter Clarke's table.

The large round one in the center of the hall that accommodates an apparently unlimited number of merry diners, provided they don't mind a little queuing.

Mr. and Mrs. May Garland and Dr. and Mrs. Guy Cochran were both entertaining parties of friends, and Dr. J. Hunt gave a little dinner party to a dozen or so. Then there were Mr. and Mrs. Frank Griffith and Mr. and Mrs. W. A. Barker at another table, and Everett Barker taking counsel with that other wily bachelor, Y. L. Mott. Mr. and Mrs. Mitchell J. Connell were likewise dispensing hospitality, and a most interesting party of care-free bachelors made up the balance of the evening.

Among the guests of the evening were Messrs. Charles Seyler, oh, so debonair—J. McGilvray, Walter Van Pelt, Robert Cash, Jr., W. W. Butler, L. Schwartz, Carl Klokke and Charles Hopper. And the cruel monsters have selected St. Valentine's Day on which to give their bachelors' dance at the Country Club—snapping their fingers in the face of Fate.

Annandale Country Club.

With those fearsome handicaps still hanging in the balance, play at Annandale assumes complications—half the members playing on their old handicaps and half on their new. And there is the dickens of a difference. In the meantime, medal play against Bogey was proceeded with on Saturday, usual. W. H. Cornett turning in the best gross score with 79. As noted last week,

Mr. Cornett is making rapid strides forward in his golf lately and will certainly be eligible for the team. T. H. French was next best gross with 81, and E. S. Armstrong, the Coast champion, who returned two days ago from Salt Lake, tied for third place, with Lincoln Clark, both making the 18 holes in 82.

J. V. Eliot and E. S. Byington each made it in 84. Bogey for the course, and the next in order of merit are W. C. Smith 87, L. du P. Miller 87, E. N. Wright 88, E. H. Stratford 90, H. Gilchrist 90, W. Monahan 92 and John S. Taylor—but no, after 92 it isn't fair to tell tales.

TODAY'S PROGRAMME.

Today's programme is discreetly announced for the morning only, and will take the form of three-fourths club handicap medal play against par, for which two prizes are offered, which two prizes are offered.

The week-end has been a very active one socially, the musical tea on Saturday attracting such hostesses as Mrs. John Haynes, who was entertained by Mrs. J. W. McKinley, Mrs. James North, Mrs. Westhughes, and Miss Milton. Mrs. Poley Griffin brought Miss Allcott, W. S. and Miss Wright, who brought W. T. Fuller, senior and junior, Mr. and Mrs. Weston and Marion Gibbons, who was entertaining Mr. and Mrs. Bockwith of Medford, Or.

Paul Libby is keeping up his reputation as a society host, and his guests on Saturday included Mr. and Mrs. James Macdonald of London, Eng. and Mr. and Mrs. E. S. Armstrong of Salt Lake. L. W. Tuten brought Mr. Bixley, and W. Linnard was entertaining J. B. Price, Jr.

EASTERN GOLFERS.

Appropos of the influx of eastern golfers recently, Bud Story told a touching incident. One of the number awagared into the caddy house and asked some peremptory questions about the quality of the greens, etc., and his whole bearing gave one to understand he was a plus man at least. When he returned to the grill afterwards he was asked how he liked the links.

"Well," he said irritably, "it did the first hole in 3 and the second in 1, but after that I fell all to pieces."

CHRISTMAS PARTY.

Today Charles N. Post, the club's president, will give his family Christmas party at the club, and R. L. Simpson follows suit. Other club devotees are Mr. and Mrs. Sheldon, who have been almost living there lately, and Mr. and Mrs. H. S. Armstrong.

They will dine at the club tonight, where they are entertaining a few friends.

ALTADENA COUNTRY CLUB.

One of the members of this club is Mr. Shirley Banks Martin, of whom a very sad story is told. Personally I regard Mrs. Martin as an outraged widow. Consider the subject of the subject had to find an outlet, but whatever the cause she made a beautiful golf club last week.

Mr. Martin is one of those golfers who has his clubs made for him by the club's professional he can find and most of those late lamented were made by the gentleman that presided at the Knollworth Country Club, never costing less than \$5 a stick. Mrs. Martin says seriously, "What a waste of money! I thought they were only in the way and we were cleaning house."

REASONS WHY WE BUY MOTORS.

CADILLAC MAN TELLS SOME OF INSIDE HISTORY.

Purchasers Look Machines Over Carefully and Some Purchase Because of Oiling System, Some Cooling and Others Because Their Neighbors Own Automobiles.

Every motor car manufacturer in America has probably tried to satisfy himself, times without number, as to the precise motives which inspire the average man when he buys an automobile.

Manufacturers and dealers alike ascribe to certain cars certain qualities which they believe explain the success of those cars; but they have never been made to gather satisfactory statistics on the subject, until the Cadillac Motor Car Company set about it a short time ago to secure this information from owners of Cadillac cars throughout the country.

The results of this investigation are full of surprises and of the most intense human interest, as indicating the great variety of reasons which inspire the average buyer.

The Cadillac inquiry may safely be accepted as representative of the trend of the public mind, and is for that reason, of course, almost invaluable.

Twenty-six per cent. of those who have driven Cadillac cars were impelled to their purchase by absence of repair trouble and repair expense.

Twenty-one per cent. replied that they had bought the car because they had driven the Cadillac in previous seasons.

Fourteen per cent. assigned reliability and durability as the essentials which they considered first; while 9 per cent. bought because of general economy.

Other reasons are equally interesting. Twelve per cent. bought because of the recommendation of users and others; 7 per cent. because of the reputation of car and maker; 4 per cent. fuel economy; 6 per cent. comfort and easy riding qualities; 8 per cent. general merit; 3 per cent. merit of automobile experience; 10 per cent. appearance; 5 per cent. dealers' service; 8 per cent. power and hill-climbing ability; 9 per cent. cooling system; and cylinder and water jacket construction; 6 per cent. lubricating system; 7 per cent. ease of starting.

While some of the owners' letters assigned but one reason, those as a rule were confined to generalities. In almost all cases several reasons were advanced. The general trend of the replies shows that the average buyer of a motor car does not permit himself to be influenced by one dominating feature, but looks a car over pretty thoroughly and with an inquiring mind.

## The Day Before Christmas at the Fight Camps.

### WITT VAN COURT'S COLUMN.

It was ladies' day at Joe's fight camp at Shaw's training quarters at Venice. When the ladies came to work he was in the gymnasium ahead of the crowd. Joe had been out for a while, but he found that he was not in the best of health. He was asked what he was doing, and he said he was just taking a little rest. He was then asked if he was going to fight, and he said he was. He was then asked if he was going to fight, and he said he was. He was then asked if he was going to fight, and he said he was.

### HOW ABOUT THESE?

On the old Washington grounds the clubhouse was in right field. When the players were removed from the game he had to march past the team's quarters in the outfield. Before Groom was presented with a bunch of flowers before a game he pitched. Witness keeps Groom from being one of the great winners of baseball. Whether it was embarrassment over the presentation or not, Groom in the first inning passed five men before he was derailed.

### HARD NAME WRESTLER HAS BIG CONTRACT.

NEW YORK, Dec. 24.—An event of moment among aspirants of the world's wrestling championship title is the match in Madison Square Garden tomorrow night between Stanislaus Zbyszko, the Polish champion and Giovanni Rascich, title holder of Italy. The winner is expected to be matched against Frank Gotch in a contest for the world's championship.

### McCORMICK'S TEAM IS EASILY DEFEATED.

SAN DIEGO, Dec. 24.—[Exclusive Dispatch.] San Diego's baseball team today took the second of a three-game series with the McCormicks of Los Angeles, the score being 12 to 1. The locals hammered Coffey unmercifully, Hop and Downs being credited with homers. Rieger's home run made the only score of the victors. Score: McCormicks—12-1-0. Batteries: Sorenson and Roche; Coffey, Price and Reffermond.

### HOW TRUCK EAGAN ATE DOG AT A FAMILY DINNER.

BY GREY OLIVER.

IT DOESN'T make any difference how many children there were in the Eagan family.

Probably there were not any. For that matter no one thought of it much for there was always plenty to eat in the house. No one ever got up from the table hungry and every one wanted to eat off that particular one, for there was always a big supply of everything that was good. One might have thought that the man had a dozen "children" to see him buying stuff to send home to eat, but it was just for himself and the wife and the friends he invited in.

So when it came Christmas time no one wondered much when Eagan ordered an extra lot of stuff for the big Christmas dinner. A dozen or more friends were invited to what promised to be a monstrous spread. They would not have turkey for such a dinner for there were too many to sit at the table for a turkey and accordingly Eagan went to one of his farmer friends in the suburbs of Sacramento and ordered a fat young sucking pig.

Scientifically killed and cleaned and Eagan had him put in cold storage for three days, where he could be rotted like dog, and the mighty laugh that he had when he saw the pig in the "big invite" was sent out a week in advance so that the favored few would prepare themselves for the great feast.

Great preparations were made at the Eagan home, for it had been a good Eagan had purchased apples for sauce, cranberries for a pie and had him stuffed with chestnuts and raisins and had him roasted in a hot oven.

When the hungry guests sat down to the table they cared little about how many houses the ancient Chinese had burned down in order to get roast pig or even what the ever-delightful Charles Lamb had told the world about its deliciousness. They were there to eat it and were ready to gorge themselves in the feast if it killed them.

The setting was an appropriate one for a magnificent Christmas dinner, for each plate were twice of holly berries and pine and spruce and a dozen wax candles flickered their soft light over the table, and above the chandeliers were decked with wreaths of holly and myrtle.

By shifting its present motor fire apparatus from the central station to more suburban stations, and replacing it with new, Jacksonville Fla. horses to virtually do away with horse-drawn apparatus entirely.

Ryan, who was "swamped" in a saloon, was ejected from the place Thursday night. Bystanders say the man was thrown from the saloon like a shot from a gun and struck the sidewalk with his head and lay unconscious for several minutes. Arrests will likely follow tomorrow. The authorities are securing evidence. Ryan was 55 years old.
